LIPPITT ASSAILS COTTON SCHEDULE

Democratic Leaders of the Senate Aroused to Spirited Replies.

DISCRIMINATION IS CHARGED

Rhode Island Senator Alleges That Features of Tariff Bill Favor the South to the Detriment of New England

Washington, August 6.—Senator Lippitt, of Rhode Island, aroused Democratic leaders of the Senate to spirited replies today when, discussing the cotton schedule, he charged that it discriminated against New England in favor of the South, and that it was haphazardly prepared.

Senator Hoke Smith, of Georgia, vehemently denied the charge of sectionalism, declaring that the appeals of the Southern manufacturers for increases were unheeded by the Finance committee. He called attention to the fact that the sub-committee which considered the cotton schedule was composed of Senator Johnson, of Maine; Senator Hughes, of New Jersey, and himself. Senator Stone, of Missouri, referring to Senator Lippitt as a cotton manufacutrer, remarked that the time had passed when representatives of the interests could write the tariff laws.

"Before the distinguished Senator from Rhode Island graced this body with his official presence," said Senator Stone, "he was before the committee of the House and Senate representing this very industry. It is not to the credit of our legislation of the past that the representatives of the cotton, wool and steel and other interests were permitted by the committees of Congress actually to prepare the tariff schedules.

"We are entering upon a different era. We desire as far as possible to subserve the well being of the manufacturers, but the fact must be recognized that we have gone by the period when the interests can prepare their schedules. Doing that in the past has produced an economic condition in which the business of the country has been placed in the hands of these men. Because of it the American people at the last election entered their vigorous protest.

"Assaults made upon this bill along that line, are supercilious and contemptuous, and will have no effect in deterring us, or in changing the fixed purpose to make a tariff in the interest of American people."

Senator Weeks, of Massachusetts, asked Senator Stone to name some of the monopolies he referred to.

"Perhaps," Senator Stone replied, "the Senator would like me to mention the steel industry, the wool industry, or the cotton mills of New England, whose stocks have sold at 200 to 300 per cent because of the enormous profits under the operation of these outrageous tariffs."

"There is no monopoly in the cotton industry, the Senator knows," said Mr. Weeks.

"If not monopoly, exploitation?" Senator Williams, of Mississippi, suggested.

Further progress in consideration of the bill was made today, the metal schedule being practically completed. The first vote of the day came on breech-loading rifles in an amendment by Snator Smoot to reduce the duty from 35 per cent to 25 per cent, the present rate. The amendment was lost 42 to 31.

An amendment by Senator McLean, of Connecticut, to increase the duty on needles from 20 per cent to 40 per cent, was defeated, 50 to 18, Senators Bristow, Clapp, Gronna, Kenyon, La-Follette, Norris and Works of the minority voting with the Democrats. Senator Gallinger offered another amendment to make the rate on needles range from 20 per cent ad valorem to 75 cents a thousand and 20 per cent ad valorem addition, according to grades. This, too, was voted down. Senator Gallinger then moved to amend by increasing the needle rate from 20 to 35 per cent. This was lost 42 to 27. All the Progressive Republicans, except Norris and Bristow, voted for it. The committee rate of 20 per cent finally was sustained, 39 to 28, no Republicans voting with the Democrats. This was one of the few strict party votes since voting on the schedules began.

Senator Penrose protested against the proposed rate of 15 per cent on railway wheels. The manufacturers, he said, would find it impossible to compete with European manufacturers with any reductions of the present rate. The Senator said, however, that it was useless to offer any amendment and did not do so. Senator Sherman, of Illinois, also protested against this rate.

JOINTS OSSIFIED.

Thomas F. Lockhart Invalid for 27 Years, Died.

Swellington, Mo., Aug. 6.—Thomas F. Lockhart, after spending 27 years in bed virtually in one position, today met the death he for years had prayed for. Lockhart's joints were ossified so that the only movements of the body he could make were a shrugging of the right shoulder and the middle joints of two fingers on the right hand. With this shoulder and fingers movement Lockhart had written an autobiographical book which brought him funds sufficient to purchase the home here in which he died and to pay for a nurse to care for him constantly.

He had published several other writings, mostly of a biographical nature and emphasizing precepts of patience.

Lockhart took to his bed Christmas night, 1885, following a long ride through a cold rain. He never left it. He was 43 years old.

BANKERS APPROVE SECRETARY'S PLAN

Library of Congress,

Financiers Sanction Proposal to Facilitate Crop Movement

FUNDS TO BE DISTRIBUTED

Representatives from the Agricultural Sections of the South and West to Attend Conference at the Treasury Department

Washington, August 6.—Secretary McAdoo's plan to deposit an additional $50,000,000 of government funds among the banks in the agricultural sections has met with prompt approval from the bankers in the Southern, Western and far Western States invited to attend the conferences at the Treasury Department tomorrow, Friday and next Thursday, to confer regading disrbuittion of the funds.

The banks of all five far Western cities included in the plan have replied that they will send representatives to Washington. Out of the 19 Western cities, all but three have sent favorable replies, and all the 37 Southern cities have been heard from. Several of the latter, however, said they felt no need of joining in the conference because they felt satisfied they would be fairly treated in the distribution.

More than 75 Southern bankers will arrive here tomorrow and in the official of Assistant Secretary Williams for the first conference.

Secretay McAdoo and the chief of the division of public moneys will be present.

The conference with Western bankers is scheduled for Friday and that with the far Western bankers for Thursay next week.

The additional cities which are to share in the distribution were made public today but it was explained that they were originally in the list though not announced with the others. They are: Lexington, Ky.; Duluth, Minn., and Fort Worth, Texas.

CONGRESS CONDENSED

Brief Summary of a Day's Work in the House and Senate

Washington, August 6.—Senate: Met at noon and resumed general debate on tariff bill. Senator Lippitt attacked cotton schedule and offered a substitute.

Senator Clark, of Wyoming, attacked President Wilson's action in sending John Lind to Mexico as special emissary and declared "something else must be done by the administration" to protect Americans, introducing resolution for investigation of conditions.

The Lobby Investigating committee heard from James A. Emery, National Association of Manufacturers' side of Mulhall lobby story.

Foreign Relations committee heard Eduardo Hay, Constitutionalist, review Mexican situation.

Senator Lea introduced resolution directing Inter-State Commerce Commission to investigate Louisville and Nashville Railroad's connection with certain other railroads.

Senator Works and several other Senators started movement to re-consider confirmation of nomination of Thomas Fox as postmaster at Sacramento.

President submitted for confirmation several nominations, including Preston McGoodwin as minister to Venezuela.

Senator Lea introduced a currency bill that would revise the Aldrich-Vreeland emergency currency act.

Adjourned at 6:20 to noon tomorrow.

House: Not in session, meets noon Friday.

Lobby committee excused Martin M. Mulhall until Monday and continued hearing with Louis Seibold testifying briefly.

APPEAL FOR INVESTIGATION.

Western Federation of Miners Would Probe Copper Strike.

Calumet, Mich., Aug. 6.—Direct appeal for a Senatorial investigation of the copper miners' strike was made by the Western Federation of Miners today. Resolutions asking such action were adopted at a mass meeting which with "Mother" Jones as the magnet, drew to Laurium several thousand strikers and other residents of the copper field.

The resolution extolled Senators Kern, Borah, Martine and Reed for their part in the recent West Virginia inquiry and condemned the county and State authorities for ordering troops into the local strike zone.

"Mother" Jones counselled the strikers to avoid trouble and remain sober.

While the striking union men were rallying together, steps were taken toward organizing those employes of the Calumet and Hecla Mining Company who supposedly are willing to return to work. These men are to assemble tomorrow to hear a report of a committee which yesterday conferred with the company management.

CHINA AT EXPOSITION

Lack of Funds Will Impose Restrictions on Exhibit

Peking, August 6.—The Chinese government will be unable, owing to its financial difficulties, to furnish the funds necessary to support the Chinese exhibit at the Panama-Pacific Exposition at San Francisco in the manner originally planned.

The finance minister hopes to obtain an appropriation of $500,000, although many members of the Chinese parliament oppose it. Several chambers of commerce also are reluctant in the matter owing to the losses to merchants in their recent rebellion.

SOUTHERNERS PLAN BIG CONVENTION

The President Invited to Attend Commercial Congress at Mobile

BRYAN AND DANIELS TO ATTEND

Director General John Barrett, of the Pan-American Union, to Address the Assembly—Cabinet Members Invited

Washington, August 6.—President Wilson was invited today by Senator Fletcher and a committee from the Southern Commercial Congress to attend the fifth annual convention of that body at Mobile, Ala., October 27th to 29th.

Southern Senators have been planning, should President Wilson journey by rail to New Orleans or some other Southern port to take ship for the Panama canal, to arrange for him to stop at a number of places en route. The President is uncertain as yet about his plans, which hinge entirely upon which Congress adjourns.

In addition to extending an invitation to President Wilson to attend the convention, the delegation also waited upon members of the cabinet, and secured acceptances from Secretaries Bryan and Daniels. Secretary Bryan will discuss "The Farther South," while Mr. Daniels will speak on "The Panama Canal and Our Navy."

Director General John Barrett, of the Pan-American Union, also will address the convention. He announced today that the next Pan-American Commercial Congress, scheduled to meet in October, had been postponed to allow its delegates to participate in the Southern Commercial Congress convention.

The delegation which called upon President Wilson and cabinet members included Senators Fletcher, Williams, Vardaman, Ransdell, Bankhead and Smith; Representatives Lee, Clayton, Heflin, Taylor and Abercrombie, and John T. Cochrane, president of the Alabama and Tennessee Railroad.

IMMEDIATE HEARING DEMANDED

Two Hundred Strikers Storm the State House.

Boston, Mass., Aug. 6.—Two hundred strikers from two Hyde Park manufacturing plants, controlled by Governor Eugene N. Foss, stormed the State house today, demanding an immediate hearing to their grievances by the State board of arbitration. Chairman Howland refused to receive the party, explaining that the board was occupied with other matters.

The strikers then appealed to Governor Foss insisting that he order the State board to receive the petitioners forthwith. The Governor replied that he had no authority in the matter.

The coming of the strikers, whose quarrel with the Governor has been bitter since they went out several weeks ago, should be heralded and at the Capitol they found policemen stationed at all the entrance. The men filed into the Capitol, and a committee of four entered the office of the State board. When Chairman Howland appeared the leader of the delegation said:

"We, the Foss strikers, demand a public hearing."

"It will not be granted," the chairman replied. "We are now considering other matters." The committee then withdrew and the strikers marched to a hotel in the vicinity.

INVITATION TO BANKERS

To Meet With Commission to Discuss Currency Bill

New York, August 6.—In a circular letter sent out today the currency commission of the American Bankers' Association invited the presidents of the several State bankers' associations and representatives of all clearing houses to meet with the commission in Chicago this month to discuss the administration's proposed currency bill. The meeting is contingent upon the action of the Democratic caucus of the House of Representatives at Washington August 11th.

In a letter A. Barton Hepburn, chairman of the commission, says:

"There have been no public hearings on this measure. This is a very important subject, vitally affecting all business interests of the country. It would seem wise that the same be given serious consideration in some practical manner by the banking interests, and that some form of public expression be made at this time.

"A representative assembly of this kind is very much desired, in order that the merits or defects of the bill can be presented and brought to the attention of Congress."

CONVENTION OF EAGLES.

Changes in By-laws Considered—Officers Nominated.

Baltimore, Md., Aug. 6.—Consideration of proposed changes in the by-laws consumed the greater part of today's meeting of the 15th annual convention of the Fraternal Order of Eagles in session here. Later in the day the delegates were given a steamboat excursion on Chesapeake Bay. Nominations of officers for the ensuing year have been made as follows:

Thomas J. Cogan, Cincinnati, grand worthy president; Conrad H. Mann, Kansas City, and T. H. Toll, Milwaukee, nominees for grand worthy vice president; W. L. Grayson Savannah, Ga., and Edward R. Fuller, Richmond, Va., grand worthy chaplain. Grand trustees, Frederick Naeve, Davenport, Ia.; James Kelly, Cleveland; Lincoln Davis, Seattle, and Fletcher M. Noe, Indianapolis. Grand conductor, T. P. Closson, Minneapolis; grand treasurer, Frederick Hughes, Yonkers, and grand secretary, J. S. Parry, San Francisco.

EMORY TESTIFIES BEFORE PROBERS

Tells How Manufacturers "Prodded" Members of Congress.

VARIOUS METHODS EXPOSED

Witnesses Concludes Identification of Two Hundred Letters Culled from Organization's File by the Investigators

Washington, August 6.—How the National Association of Manufacturers "prodded" members of Congress to support legislation which favored the association and oppose that which threatened its interest, was explained to the House Lobby committee today by James A. Emery, general counsel for the association.

Emery was the principal witness of the day before the lobby investigators on both sides of the capitol. He began a preliminary statement to the Senate committee of the object and aims of the association and on the House side he concluded the identification of the two hundred letters culled from the organization's file by the committee. Discussing the political activities of the association, Emery said that the body itself did not engineer Congressional campaigns. The association kept track of the records of Congressmen, he added, and when the time for their re-election came notified its members in the industrial districts and the campaign work was done by the local members.

A letter written by Emery to F. C. Schwedtman, secretary to the president of the National Association of Manufacturers in 1910, commented on the fact that "Congressman Bartholdt was very effectually prodded from St Louis," in connection with a vote on proposition to exempt labor unions from prosecution under the Sherman law. Members of the committee conducted a rather lengthy examination to determine just what the method of "prodding" was employed by the association. The witness explained that letters and telegrams were started from the constituents of the Congressman sought to be influenced by communicating with the members of the association in the Congressman's district.

As an instance of this sort of activity, there was intrdonced a telegram sent by Emery during the fight against this same labor union proposition in 1910, to A. V. Williams, of the Minnesota Employers' Association in St. Paul, which urged him to "please get as vigorous a protest by wire as possibel to Congressman Davis, Nelson, Steenerson, Miller, of your State. All are supporting Hughes' amendment preventing enforcement of the Sherman law against labor organizations."

Activities in relation to the Hughes amendment, the investigation of the Taylor shop management system, by the House Labor committee, the bill to allow the formation of unions among government employes and various other legislative propositions, as well as the interest of the association in the presidential platforms in 1908 were outlined in the letters presented today. F. C. Schwedtman, former Representative John W. Weeks, now Senator from Massachusetts; Henry W. Towne, of a New York manufacturing firm, and others, figured in the documents. One of the letters disclosed what Representative Willis characterized as "everlasting and eternal war" between the National Association of Manufacturers and the Nation Civic Federation.

In a letter dated January 27th, 1910, Mr. Schwedtman wrote to John Kirby, president of the National Association of Manufacturers:

"May the continuation of yor campaign bring about the thing which is most desirable at the present time in our economic situation, that is, the downfall of the Civic Federation."

The House committee excused Emery for the present, and he will continue his testimony on the Senate side tomorrow. Tomorrow afternoon the House committee will examine James Y. Ewell, a former employe of the National Association of Manufacturers.

OUTLINES

Senator Lippitt, of Rhode Island, aroused the ire of Democratic Senate leaders by charging that the cotton schedule of the tariff bill discriminates against New England in favor of the South.

James A. Emory testified before the lobby investigators on both sides of the Capitol, telling how the National Association of Manufacturers "prodded" Congressmen to support legislation favoring that organization.

James Conley, negro witness for the State in the trial of Leo M. Frank, charged with the murder of Mary Phagan, completed his testimony, holding to his story throughout the ordeal.

President Wilson has been invited to attend the Southern Commercial Congress, which convenes at Mobile in October. Daniels and Bryan will attend.

President Wilson's plans for pacification in Mexico have aroused the antagonism of many of the factions in the warring Republic.

Secretary McAdoo's plan to deposit government funds in various banks to facilitate the movement of crops has met with the prompt approval of the bankers.

New York markets: Money on call steady 2 1-4 to 2 1-2; ruling rate and closing bid 2 1-4; offered at 2 1-2. Flour steady. Wheat steady. Corn firm. Rosin quiet. Turpentine steady. Spot cotton quiet; middling uplands 12.00; middling gulf 12.25; sales none.

EXPLAINED BRITAIN'S ATTITUDE.

Sir Edward Grey, secretary of State for foreign affairs of Great Britain, during a debate in the House of Commons Tuesday, explained the official attitude of the British government with reference to its non-participation in the Panama-Pacific Exposition. He stoutly maintained the decision of the cabinet was entirely due to commercial considerations and had nothing to do with the controversy over canal tolls. The suggestion was offered that private enterprise might supply the impetus necessary to secure adequate British representation, which the government declined to furnish.

AYDLETTE FOR ATTORNEY

Eastern North Carolina Democrats Throw Other Roses in the Basket of F. D. Winston—Negro Mail Clerks

(Special Star Telegram.)

Washington, D. C., August 6.—A delegation composed of Theodore S. Meekins, of Manteo; P. H. Morgan, of Shawboro; Roscoe Turner and M. S. Sawyer, of Elizabeth City, called upon Senators Simmons and Overman today and formally presented the endorsement of E. F. Adylette, of Elizabeth City, for district attorney, for Eastern North Carolina.

The delegation was received with courtesy by both the Senators, but it is generally understood that Francis D. Winston is the man whom Mr. Simmons will recommend for the place.

Aydlette has strong endorsements, among them being Representative John H. Small, who accompanied the gentlemen to see the Senators. From the capitol, the delegation went to the White House to pay their respects to President Wilson. They deny that they asked Mr. Wilson to appoint Aydlette.

Josiah W. Bailey, of Raleigh, who was nominated yesterday for collector for the East, is here. Mr. Bailey conferred with Commissioner Osborn, Representative Pou, and both Senators Simmons and Overman. It is understood his confirmation will be tomorrow.

Representative John H. Small has sent a letter to First Assistant Postmaster General Stewart protesting against the appointment of negro railway mail postal clerks to positions where they have supervision over white men. It is alleged that there are many instances in Eastern North Carolina, particularly on the Norfolk Southern Railroad, where these ebony-hued gentry have been appointed to boss white men.

P. R. A.

CONLEY'S EVIDENCE FINISHED

Negro Witness in Frank Trial Held to His Story Throughout the Ordeal—Judge's Decision Reversed.

Atlanta, Ga., Aug. 6.—Ruling that the testimony of James Conley, negro sweeper, as to alleged immoral conduct on the part of Leo M. Frank, on trial for the murder of Mary Phagan, was competent, Judge L. S. Roan, late today reversed his former decision which ordered stricken from the record certain portions of the negro's evidence. Under this ruling the State was permitted to introduce evidence intended to corroborate Conley's statements that Frank had been guilty of immoral acts and that the witness had, on various occasions, acted as a "lookout" for the factory superintendent, while the latter was with women.

Solicitor General Dorsey said today that the prosecution intended also to prove by George Epps, newsboy that Mary Phagan had told him her fear of Frank, and his habit of pinching and teasing her. The court ruled that Epps' testimony along this line would not be admitted.

When Judge Roan announced that Conley's testimony would remain in the record, there was a demonstration by spectators, order being restored with some difficulty. Attorney Arnold, for the defense, at once entered a motion for a mistrial, which was overruled, the court stating that

(Continued on Page Eight.)

GOV. CRAIG REFUSES PARDON

Governor Will Not Grant Clemency to Boys of University Whose Acts Resulted in Blands Death Sometime Ago

(Special Star Telegram.)

Raleigh, N. C., August 16.—There will be no pardons for the three University students, who complete their four-month sentence Thursday night for the fatal hazing of Billie Rand at the University last session.

Governor Craig telegraphed back to Raleigh to Private Secretary Kerr this evening that he had decided to not grant the pardons, which were especially wanted on the ground that they would prevent the three young men from losing their rights of citizenship through the operation of the sentence.

However, it developed here today that pardons granted by the Governor in jail sentences would not operate to avoid loss of citizenship, but that the young men would still have to apply later to the courts for re-instatement. Chief Justice Walter Clarke, of the Supreme Court, is quoted as holding that this is the case.

Ex-Judge J. C. Biggs, of this city, is appointed receiver of the Newton-McArthur Lumber Company, of Elizabethtown, Bladen county, and has taken charge. The liabilities are about $150,000 and the principal assets are a lumber plant of 40,000 feet daily capacity, or something like 30 million feet of standing timber; 4,000 acres of timber land, in fee simple, and about 10 miles of railroad. The plant will be put in operation at once by the receiver.

H. H. Toller has the lowest bid for the erection of the $50,000 shop building at the A. & M. College, but the contract is not awarded yet, because only $40,000 can be put in the building, the other $10,000 to be held for equipment. Toller's bid is $51,250 and plans will have to be cut.

PEACE BASIS UNSATISFACTORY

Question Now is: How Soon Will a Third Balkan War Break Out—Order to Demobilize Officially Promulgated.

London, Aug. 6.—The second Balkan peace conference, having concluded peace on a basis of compromise, which is unsatisfactory to all the States concerned, except possibly Rumania, the question is being asked how soon a third Balkan war will break out.

Bulgaria has obtained under the agreement reached in Bucharest today, a considerable portion of Northern Macedonia, much more than the allies were at first inclined to give her—and also about sixty miles of the Aegean seaboard, which will enable her to build her projected railway from Philippopolis to the Aegean.

Bulgaria, however, deeply resents being deprived of Kavala, a port on Kavala bay, which goes to Greece.

Also, she is confronted with the task of expelling the Turks from Adrianople, it being clear that the powers will do nothing in this direction. Bugaria will seek to introduce in the peace protocol to be signed at Bucharest tomorrow a reservation practically appealing to the European powers for a subsequent revision of the peace treaty.

The details of the new frontier line are still unknown, but apparently the whole of the disputed country between the Northerly courses of Vardar and Struma rivers goes to Servia, including Ovchepolye, Veles, Istib and Kotchana, while Demir-Hissar, Seres, Drama and Kavala fall to Greece.

According to a despatch to the Daily Telegraph, from Bucharest, the order to demobilize has been officially promulgated.

PRESIDENT'S PLAN AROUSES MEXICANS

Lind's Visit Increases Antagonism in the Trouble Zone

THE RECOGNITION PROBLEM

The Mission of Uncle Sam's Personal Representative the Subject of Much Speculation in the Warring Republic

Mexico City, August 6.—Increased antagonism has been aroused among Mexicans toward President Wilson's plan for the pacification of the Republic, by the latest news from Washington that the object of John Lind's visit here as the personal representative of President Wilson, is to consult with prominent Mexicans and advise them that the only basis on which Mexico will be recognized by the United States is the elimination of President Huerta.

Earlier reports that Mr. Lind proposed to deal with Huerta, perhaps by making the direct suggestion that he resign, were received with indignation by Mexican officials.

It was pointed out by a prominent Mexican today that in the former case the government might not consider itself obliged to act until the suggestion was actually put forward by Mr. Lind, but that in the second case the government would be justified in choosing him as one whose inciting Mexicans along lines of sedition and in applying the pernicious foreign expulsion clause of the constitution. This Mexican also indicated that since Mr. Lind was coming to Mexico in an unofficial capacity and with no credentials, he could not expect more consideration or immunity than an ordinary foreigner would receive.

Mexicans familiar with international law are reluctant to believe that Mr. Lind's instructions are for him to deal with others than the authorized officials of the de facto government.

These officials are still firm in their assertion that no suggestions whatever, instructing mediation or the resignation of Huerta will be acceptable and say that the best that Mr. Lind can hope for in this respect is to be ignored. However, the anti-Huerta element, which is not prominently in evidence in the capital is skeptical regading the firm stand by the administration.

Senator Clark's Views.

Washington, Aug. 6.—President Wilson's action in sending former Governor John Lind to Mexica as a special emissary in the present situation was attacked in the Senate today by Senator Clark, of Wyoming, who declared "something else must be done by the administration" to guarantee protection to Americans.

Senator Clark presented a resolution for an immediate investigation by the Senate Foreign Relations committee of the condition of American citizens and American property in Mexico.

Senator Sheppard, of Texas, presented a summary of the strength of the constitutionalist forces in Mexico. The report showed the constitutionalists numbered between 60,000 and 80,000 and that they were in possession of far more than half of Mexico.

"We are unable to get exact and definite information," continued Senator Clark, "about conditions in Mexico. Evidence still continues, however, to show that American property is being destroyed every day, that American citizenship is being dishonored there and even officers of the American government are being shot down."

Senator Clark said the purpose of his resolution was to obtain information. He did not ask for a vote on the resolution today.

Bryan Sends Messages

Mexico City, August 6.—Secretary of State Bryan sent the following telegram to the American legation tonight:

"You may say to the minister of foreign affairs that Governor Lind comes to Mexico on a mission of peace, and that the President feels sure his presence there will contribute toward a settlement of the difficulties. The Mexican government should await the President's communication, and not give weight to misrepresentations published in sensational newspapers."

The message was delivered to the foreign minister.

Habeas Corpus Proceedings

August, Texas, August 6.—Removal of Mexican soldiers confined at Fort Bliss, Texas, to Fort Rosecrans, California, has caused habeas corpus proceedings brought by their attorneys against Brigadier General Bliss to be dropped. The hearing was scheduled for Saturday, but Federal Judge Maxey before whom the proceedings were instituted has been notified that the soldiers are now out of his jurisdiction. Officers did not succeed in serving the court's order.

The prisoners were taken into custody when they crossed the international boundary. Their removal to California was ordered by the War Department to hold them at a safe distance from the border.

Like the Orozco case, the issues involve the right of the President, through the army to interne Mexican soldiers. In that case Judge Maxey held that Generals Pascual Orozco, Sr., and DeLaFuente could not be held by United States military authorities at the order of the President without charges being brought against them in the courts.

Lind's Train Derailed

Houston, Texas, August 6.—John Lind, en route to Mexico City as the personal representative of President Wilson, was delayed in his journey by the derailment tonight near Houston of the train aboard which he is traveling. Mr. and Mrs. Lind were not hurt.

PIRATES PRANCE AWAY AGAIN

Pittsburg Crew Plundered Mighty Matty—Phils Made it Four Straights—Cubs Won From Dodgers in Tenth.

Christy Mathewson, veteran of more successful seasons of baseball twirling than any other living pitcher, hero of more of the world's toughest diamond engagements than any twirler the game has ever known, and now one of the most dependable in both the major leagues, met one of the hardest beatings of his long and honorable career at the hands of the Pittsburg Pirates yesterday afternoon, the score at the end of the conflict showing up, Giants 1; Pirates 9. Mathewson was touched for a total of an even dozen safe hits, every one of which counted in the scoring.

The Phillies made it four straights over the St. Louis Cardinals by taking the concludng game of the engagement yesterday by a 7 to 1 score.

It took ten nnings for a terrific battle to bring victory to the camp of the Chicago Cubs in yesterday's argument with the Brooklyn Trolley Dodgers.

Mighty Matty Mastered.

Pittsburg, Aug. 6.—Pittsburg today gave Christy Mathewson one of the hardest beatings of his career. The score was 9 to 1.

New York .....000 000 010—1 8 4
Pittsburg .....602 070 00x—9 12 1

Mathewson, Wiltse and A. Wilson; McQuillan and Gibson; time 1:28; umpires O'Day and Emslie.

Phillies' Fourth Straight.

St. Louis, Aug. 6.—Rixey was almost invincible this afternoon while Harmon was hit hard and timely, Philadelphia winning, makng it four straight games on the series.

St. Louis .....000 000 100—1 4 0
Philadelphia ....200 100 004—7 8 0

Harmon and Wingo and Hildebrand; Rixey and Killifer; time 1:42; umpires Klem and Orth.

Cubs Did It in 10th.

Chicago, Aug. 6.—Chicago was forced to go ten innings today to defeat Brooklyn 4 to 3.

Brooklyn .....012 000 0000—3 6 0
Chicago .....011 000 1001—4 9 1

Walker, Wagner and Miller; Cheney and Needham and Archer; time 1:50; umpires Brennan and Eason.

RECORD CROWDS.

See Kentucky Horse Win $12,000 Stake.

Kalamazoo, Mich., Aug. 6.—Before the largest crowd that ever witnessed a horse race in Kalamazoo, the Kentucky mare Tenara, driven by Andrews, easily won the $12,000 paper mills stake, the feature of today's grand circuit card. The event was raced on the four heats plan $3,000 for each heat and the drivers drew for positions before each start.

In the first heat Tenara and Judson Girl, who will meet again in the M. and M. in Detroit, raced even to the half when Judson Girl broke. Reusens and Santos Maid also broke and Andrews brought Tenara under the wire an easy winner.

In the second heat, Tenara lay back until the half mile post was reached. Then she went out in front and came under the wire eased up. in the next two heats Andrews kept the mare in front all the way round.

This is the third rich stake won by Tenara this season, she having captured $10,000 events at both Fort Erie and Grand Rapids.

M'LEAN TRADED TO NEW YORK.

First Move to Shake up St. Louis Nationals.

St. Louis, Aug. 6.—The first move to shake up the local National League came today, when President Britton announced that Catcher Larry McLean had been traded to the New York Giants for Pitcher Otis Crandall. McLean, who joined the locals this Spring, will leave to join the league leaders immediately. Crandall is expected to report to Manager Huggins here tomorrow. Huggins announced that he had several other deals pending.

COBB VS. JACKSON

Figures including games of last Tuesday show that both Jackson and Cobb have fallen off considerably, Jackson being down to .397 while Cobb is ten points below him.

NEW PITCHER FOR REDS.

Harrington, of Lynn Team, Joins Cincinnati Club Immediately.

Lynn, Mass., Aug. 6.—Frank Harrington, a pitcher of the Lynn club of the New England League, left last night to join the Cincinnati National League team.

An offer for Harrington, made a month ago, was accepted with the understanding that the pitcher would not leave Lynn until the close of the New England League season. Today Manager Flaherty received and accepted an offer of a bonus if he would allow Harrington to join the Reds immediately. Harrington is 21 years old. His home is in Wakefield.

LIGHTNING WRECKS HOME

Portion of John Warren's House Torn Out—Family Escapes

Statesville, August 5.—Local storms have done considerable damage in this section during the past few days. During a severe rain and electrical storm, which passed over Statesville and Concord townships, lightning struck a house in Concord township occupied by John Warren and family. One end of the house was torn out and considerable damage done to the furnishings. Fortunately the occupants were all in another portion of the house at the time.

WAGES RAISED

Hop Pickers Allowed a Ten Per Cent Increase

Wheatland, Cal., August 6.—A ten per cent wage increase to hop pickers was announced today by the owners of the ranch where rioting among striking employes Sunday resulted in the killing of District Attorney E. T. Manwell and three others.

A company of militia remains encamped on the ranch.

A SHUT-OUT GAME.

Evansville Pitcher Allows No Hits During Nine Innings.

Terre Haute, Ind., Aug. 6.—Jake Fittery, pitcher for the Evansville Central League Club, today shut out Terre Haute, not allowing a hit during the nine innings. Only focr local players reached first, and two went to second, where they were left.

MAY MAKE MACK COACH

University of North Carolina After Youngster for Baseball Team

Raleigh, N. C., August 5.—That Earl Mack, manager an first baseman of the Raleigh team, will be baseball coach for the University of North Carolina team next Spring, is a story repeated by University alumni today. Mack's selection over Charles A. Clancy, manager of the Winston-Salem baseball team, and leaders of the league, lacks official confirmation.

Clancy has been several years coach at Carolina, and has put winning teams at the University and in Winston-Salem. Manager Mack is playing his first league baseball, and doing his first managing, while Clancy is a veteran. Mack has been regarded as the best utility man in the circuit.

SMITH ALLOWS NO HITS

Pittsfield Pitcher, Who Recently Injured Arm, Blanks Waterbury

Pittsfield, Mass., August 5.—William I. Smith, of the Pittsfield Eastern Association baseball club, who took an injured arm out of splints yesterday, pitched a no-hit game against Waterbury today, shutting them out, 3 to 0.

Smith did not give a pass, and struck out six men. Only three Waterbury players saw first, all on errors. Smith came here from the Memphis club, of the Southern League.

REVISION PROPOSED

Plans to Change Aldrich-Vreeland Emergency Currency Act

Washington, August 6.—Senator Lea, of Tennessee, today introduced a bill to provide for a revision of the Aldrich-Vreeland currency act. Senator Lea announced he would speak within a few days in support of his bill, which differs radically from the aministration currency measure soon to be taken up in the House.

The Lea bill will establish a currency association of local banks in each of the large cities with authority to issue currency, under regulations made by the secretary of treasury, up to $750,000,000. Each association would be required to guarantee its circulation. The bill would limit the issue of an association to 50 per cent of its capital stock.

MACKS MOLEST NAPS' MARCH

Made It Two Out of Three for the Series—Johnson Equals Boehling's Record—Tigers and Red Sox Winners

The advancing host from Cleveland was temporarily halted in their terrific onslaught against the Quakertown leaders yesterday afternoon, the chief alibi to be offered for them being the fact that one John Franklin Baker, of home-run-knocking proclivities known far and wide, was doing business at the same old stand around third base for the Philadelphia Athletics, thereby affording him an opportunity of visiting the swatting station several times during the afternoon. On one of these periodical visits, with the bases badly congested, Baker knocked one that cleared the wall for a home run, scoring four tallies, and incidentally winning the game for the Mackmen. The final game of the series will be played this afternoon.

Walter Johnson won his second game for the Senators since his recent return to the game yesterday afternoon, and incidentally equalled the consecutive win record set up by his team mate Joe Boehling, some days ago, of eleven straight victories without a defeat.

George Dauss, the young pitcher of the Detroit Tigers, won a pitchers' battle from the New York Yankees yesteday, score two to one.

The Red Sox came to life and defeated the St. Louis Browns yesterday, four to one.

J. Franklin Baker

Philadelphia, August 6.—Cleveland put up a very aggressive game against Philadelphia today until the fifth inning, when a bunch of errors by the visitors, a safe bunt by Collins and a home run by Baker gave the home team four runs, the visitors eventually being defeated by 7 to 1.

Cleveland . . .000 010 000—1 7 6
Philadelphia . . .001 00 11x—7 10 0

Gregg [illegible] O'Neil; Bush and Schang [illegible] Umpires, Connolly and [illegible]erguson.

Johnson Ties Boehling

Washington, August 6.—By bunching five hits with two bases on balls off Smith and O'Brien in the second inning today, Washington scored six runs and settled the third game of the series with Chicago, the final score being 11 to 2. Credit for today's victory gave Johnson 11 straight, tying the season's record held by his team mate, Boehling.

Washington . . .060 030 11x—11 8 0
Chicago . . . . .00 000 011— 2 3 3

Johnson, Gallia and Ainsmith; Smith, O'Brien, Lathrop and Kuhn. Time 1:50. Umpires, Evans and Hildebrand.

George Dauss Won Another

New Yorw, August 6.—George Dauss, the young pitcher of the Detroits, won a pitchers' battle from New York today, the score being 2 to 1.

Detroit . . . . .002 000 000—2 8 2
New York. . . .000 001 000—1 4 2

Dauss and McKee; Ford and Sweeney. Time 1:42. Umpires, O'Loughlin and Sheridan.

Red Sox Come Back

Boston, August 6.—In a fast game Boston defeated St. Louis today 4 to 1.

St. Louis . . . .000 010 000—1 6 0
Boston . . . . .101 000 020—4 12 1

Baumgardner and McAllister; Bedient and Thomas. Time 1:37. Umpires, Dineen and Egan.

COMING SOUTH

Big Leaguers On World's Tour Will Play Southern Cities

New Orleans, August 6.—Members of the teams of the New York Nationals and Chicago Americans who will make a tour of the world, starting from Chicago October 15th, will play several games in the South during October. "Ted" Sullivan, who will direct the tour, arrived here today and arranged with Manager Frank, of the local Southern Association team, to play an exhibition game here October 26th. He said dates would be arranged in other Southern cities.

MINOR LEAGUE DECISIONS

Handed Down by the National Board of Arbitration

Auburn, N. Y., August 6.—Decisions relating to minor league baseball were handed down today by the National Board of Arbitration. Among the claims allowed were:

C. K. Harris, against Richmond; D. D. Lowry against Americus, Ga., and Lowry's claim against Edward Wheeler.

Services of players awarded:

Player Marble to Morristown, Tenn.; all optional agreements must be exercised by August 15th.

PROTECT FISHING INDUSTRY

Plans to be Discussed at Conference This Fall

Washington, August 6.—To discuss plans for the protection of the fish and fishing industry of the Chesapeake Bay, and its tributaries, Dr. E. L. Jones, deputy commissioner of the United States Fish Commission, has arranged for a conference to be held here about the middle of September between Secretary Redfield, of the Department of Commerce, and the Governors and fish commissioners of Virginia and Maryland.

The conference will consider a bill introduced by Representative Linthicum, of Maryland, which would grant Federal protection and discuss means to be adopted in case the measure is not passed.

Dr. Jones said today that the best plan would be to have Federal supervision of fishing in the Chesapeake and its tributaries, but if this could not be obtained, the two States should pass laws establishing a closed season from sunset Saturday until Monday morning, to give the fish a chance to get up stream and should prohibit the catching of sturgeon for two years.

Federal aid in protecting the fish in these waters, it has been found, can be extended under an old harbor and river bill, which requires that at least one-third of the channels be kept clear, that lights be set on stakes at night, that the owners name appear on the stakes and that they be taken up entirely in the Winter.

"For the sake of a few thousand dollars now," said Dr. Jones, "some of the fishermen by their wanton methods threaten to destroy in a few years an industry worth many millions."

STUDY AGRICULTURAL METHODS

Department to Send Representative Abroad to Investigate

Washington, August 6.—In order that the farmers of the United States may profit by the experience of farmers of Europe, Secretary Houston, of the Department of Agriculture, today decided to send abroad Dr. Thomas N. Carver, head of the rural organization service, and Bradford Knapp, who is in charge of the Farmers' Co-operative Demonstration Work in the South. The study of successful co-operative schemes will be the principal object of their trip. They will visit Ireland first, then Denmark, and if time allows, Saxony. They will sail about the middle of this month to be away about six weeks.

WITH THE MOVIES

Four great films at the attractive, cozy Grand treatre today. This is only the main part of the big programme, however. There will be other swell features and the price of admission will be kept at the same low figure—5 cents—regardless of the extra merit and extra cost of the big show. The four films will each be a star and of the freshest make, headed by Lubin's dramatic sensation, "Out of the Beast a Man Was Born." It is a strikingly intense story of four hoboes and it is beautiful in conception and exquisite in execution.

A charming film triumph for today is "Winsome Winnie's Way". It is a film with a swing and merry fascination, telling how Winnie wins out in spite of jealousy.

Biograph's greatly talked of film, "Fate", is also a topliner and will prove a gripper. The fourth of today's rare quartette will be "Over the Great Divide in Colorado," a scenic masterpiece of gigantic nature.

The Bijou Bill.

The Bijou is always there with the big show. Ditto, the big comfort. In fact, the only thing small about this popular, handsome amusement palace is the price—and that is tiny, being 5 cents, any and all the time. Today the Bijou is to the front with a great and wonderful special three-reel release. Yet it will also offer another notable photoplay success, as well as an abundance of new and merry music. This superb offering, together with the theatre's solid comforts, will certainly attract the people by the hundreds today.

The star film for today, in three big reels, is "When Men Hate." It tells a remarkable story, in a wonderful setting, and it will tingle the blood from first to last. It tells a vivid, graphic, exciting story of a feud between the Morrison and Weston clans, and the cast includes such big stars as Gene Guntier, Alfred Hollingsworth and Jack J. Clark.

Another notable film offering today at the Bijou is Selig's "Budd Doble Comes Back." It is a big dramatic of the race track, and, therefore, exciting and novel.

INVESTIGATION PROPOSED

Senator Lea Would Probe Affairs of Louisville & Nashville Railroad

Washington, August 6.—An Inter-State Commerce Commission investigation of the relations of the Louisville & Nashville Railroad, the Nashville, Chattanooga & St. Louis, the Nashville & Decautr and the Lewisburg & Northern, as to joint ownership or concert of action, was proposed in a resolution today by Senator Lea.

The commission would ascertain what control the Louisville & Nashville has over the other roads named, whether they have acted together to restrict competition and what money, if any, the roads have subscribed to prevent other roads entering their territory, for maintaining political agents, or for political campaigns, or to create sentiment in favor of any of their projects.

JUDGE GEORGE W. HAYS

Yesterday Took the Oath of Office as Governor

Little Rock, Ark., August 6.—Judge George W. Hays today took the oath of office as Governor, succeeding Senator J. M. Futrell. Judge Hays is the fifth Governor to hold office since January 13th, 1913. On that date George W. Donaghey's term expired; he was succeeded by Joe T. Robinson, who a few weeks later resigned to qualify as United States Senator; Senator O. K. Oldham, president of the Senate, then qualified, but was replaced by Senator Futrell, now president pro tem. of the Senate; by court order.

Judge Hays was elected July 23rd at a special election.

GIGANTIC EXPLOSION.

Negro Throws Lighted Cigarette Into Quantity of Dynamite.

Osyka, Miss., Aug. 6.—Every window in this town was broken today when Sid Taylor, a negro, threw a lighted cigarette into 150 pounds of dynamite stored at the residence of J. O. Williams. The negro was blown to atoms. Several residences near the explosion were damaged, but no one was seriously hurt.

SEALED PROPOSALS

Sealed proposals for the construction of a brick and concrete Power House and for the installation of a Central Light, Heat and Power Plant equipment for the North Carolina State Capitol and adjacent buildings at Raleigh, North Carolina, will be received by the Board of Public Buildings and Grounds at the office of the State Treasurer until Friday, August 15th, 1913, and will be publicly opened at 11 o'clock A. M. on that date.

Plans and specifications for both the Power House and equipment may be seen at the office of the State Treasurer, or at the office of Wiley & Wilson, Consulting Engineers, Lynchburg, Va., and copies of same may be secured upon application to the Engineers, accompanied by check for $10.00, which will be refunded upon return of the drawings and specifications.

Separate proposals will be received, first, for the Power House, and second, for the light, heat and power equipment. Each are to be accompanied by certified checks or bonds payable to B. R. Lacy, Treasurer, for 5 per cent of the amount of bids, said 5 per cent to be returned to unsuccessful bidders. To the bidder awarded contract the 5 per cent will be returned after he has executed contract.

Bonds for 5 per cent of the amount of contracts will be required for the faithful performance of the work.

TRUSTEES' SALE.

Under and by virtue of the power conferred upon me in a deed of trust executed on the 13th day of June, 1911, by W. A. Simpkins and wife and recorded in the office of the Register of Deeds for New Hanover County in Book of Mortgages 64, page 427, and at the request of the holder of the note described in said deed of trust, I will, on Wednesday, the 20th day of August, 1913, at 12 o'clock, M., at the Court House door at Wilmington, North Carolina, sell for cash to the highest bidder the following described land:

First tract.—Beginning at the Southeast corner of a tract of land now in the possession of Mrs. Mills, on the North edge of the old Newbern road, and runs thence Eastwardly with the Northern edge of the said old Newbern road about 200 feet to the Southwestern corner of a tract of land now or lately in the possession of Mrs. Oldenbuttle, and thence with said Oldenbuttle's Western line North 3 deg. E. 2,000 feet to a stake; thence South 80 deg. W. about 200 feet to Mills' line; thence with Mills' line South 3 deg. W. to the beginning, containing 10 acres.

2nd. tract.—Beginning in the dividing line between Oldenbuttle's tract and the tract of D. N. Chadwick, the same being the Western line of a tract of land conveyed to Lilly M. R. Oldenbuttle by Steven W. Noble and wife, by deed dated the 27th of October, 1881, and registered in the office of the Register of Deeds of New Hanover County, in Book 8, page 422 et seq., and corrected by deed dated the 3rd day of May, 1884, and recorded in Book 13, at pages 344 et seq., of the records of the Register of Deeds of New Hanover County, at a point where said dividing line is intersected by the Northern line of the right of way of the connecting line between the Wilmington & Newbern Railroad, and the Wilmington & Weldon Railroad, and the said points being 600 feet Northwardly from the old Newbern dirt road, and runs thence Northwardly with said dividing line about 1,500 feet to the Northern line of the said tract; thence Eastwardly with the said Northern line 209 feet to the Eastern line of said tract; thence Southwardly with the said Eastern line to the right of way of said railroad; thence Westwardly with said railroad to the beginning, the same being all that part of a tract of land conveyed to the said Lilly M. R. Oldenbuttle by Steven W. Noble and wife as aforesaid, which is now lying North of the said connecting line of railroads, both of which said deeds, for more certainty of description, are made a part hereof.

3rd tract.—Beginning at W. H. Mills' Northwest corner of the Hardwick tract, 200 feet Westwardly from the pine stump marking the old Hardwick line, and runs thence Northwardly 4 deg. 30 min. East 746 feet to a stone marked D. N. C.; thence South 88 deg. E. 1,034 84-100 feet to a stone marked D. N. C.; thence S. 4 deg. 30 min. West 886½ feet to a stone marked D. N. C., Wentzenstein's corner; thence North 85 deg. 30 min. W. with Wentzenstein's back line, and the back line of D. N. Chadwick, 626 13-100 feet to a stone in W. H. Mills' back line; thence North 4 deg. 30 min. East 146 feet to Mills' Northeast corner, and thence North 85 deg. 30 min. West 408 71-100 feet to the beginning, containing 20 acres, more or less.

4th tract.—Beginning at a ditch bank at W. H. Mills' and D. N. Chadwick's corner of his 20-acre tract, a stone marked D. N. C.; thence North 40 deg. West 7 chains and 37 links to a stake near a water oak; thence North 45 deg. West 10 chains to a stake on a cart road; thence North 70¼ deg. West 11 chains and 96 links to a stake near a cedar tree on the East side of a neighborhood road; thence alongthe East edge of said road North 10 deg. 45 min. East 30 chains and 82 links to a cypress knee on the bank of the South side of Smith's Creek; thence up the various courses of said creek to a large cypress tree a little above a woodland; thence due East 81 links to a lightwood post near an on the South side of a large hollow gum tree; thence due South 32 chains and 90 links to a stake in said D. N. Chadwick's Northern line of his 20-acre tract; thence with said line North 88 deg. chains and 68 links to a stone m... N. C., a corner of the said D. ...wick's 20-acre tract; thence with ...wick's line of said tract S... West 11 chains and 44 link... ning, containing 52¼ acres.

All of said land hereinbefo... being the same conveyed to W. ...kins by D. N. Chadwick, Jr., by o... registered in the office of the Regis... Deeds of New Hanover County, in B... 62, page 75.

Said sale is made ... reason of the failure of W. A. Simpkins and wife to pay off and discharge the indebtedness described in said deed of trust.

This 15th day of July, 1913.

GOV. CRAIG TO WINDSOR, N.C.

No Intimation as to What He Will Do as to Pardons—Justice Allen Not Candidate for Governor. Charters.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 6.—Governor Craig left this morning for Bertie county and will not be in Raleigh again until Sunday. He and Judge R. W. Winston went from here to Windsor, Hon. Francis D. Winston's home, where the Governor will be for a couple of days. Then he goes to Morehead for the week-end.

The Governor left Raleigh this morning without indicating what he will do with reference to the importunities for pardons to be granted to the three University of North Carolina students whose sentences for the fatal hazing of Billie Rand expire tomorrow. He told L. J. Merriman, of Wilmington, father of one of the students, that he would decide this morning as to whether he could see his way clear to grant the pardons, as he realized that the pardons must be granted at once in order to accomplish the purpose, which is to save the boys from losing their rights of citizenship for five years as State convicts as a consequence of the sentences imposed.

A charter is issued for the T. M. Meade Co. (Inc.), of Greenville, capital $10,000 authorized and subscribed by T. M. Meade, W. H. Winstead and J. M. Edmunds, of Greenville, for general tobacco business, including buying, selling and manufacturing.

Associate Justice W. R. Allen of the Supreme Court, has set at rest talk about his being a candidate for Governor in 1916 by declaring that he has no idea of doing such a thing. He is presumably too well pleased with his place on the Supreme Court bench to get out into a race for Governor at this time. The most talked probable candidate is Hon. Wilton McLean, of Lumberton. Also Hon. T. W. Bickett, now attorney general, is being talked considerably.

DIGGS BEING TRIED.

For Violation of the Mann White Slave Act.

San Francisco, Aug. 6.—When court adjourned today in the trial of Maury I. Diggs, for violation of the Mann white slave act, it seemed certain that a jury would be empanelled tomorrow and attorneys are predicting that all the evidence would be in by Friday evening.

Eleven men were in the box, but the first venire had been exhausted and it was necessary to send out a call for a special venire of 20 talesmen.

Just before the venire was exhausted Attorney Sullivan announced that the government was satisfied with the 12 men then in the box and would answer no further challenges, but the defense interposed its right to challenge and it became necessary to adjourn court while the call for another venire was out.

Thus far there has been no indication in the examination of talesmen of the tactics to be pursued by the defense.

Under the rulings of Judge Van Fleet the questions have been made as brief and as plain as possible. Several of the counsel were cautioned that if a juror seemed honestly desirous to give the defendant a fair trial there was no reason why he should be worried into statements appearing to give him an attitude not his own.

Both the government and defense will submit in writing to the court tomorrow their views of the law as it should be presented to the jury after the evidence is in, when the judge makes his charge.

EVIDENCE IN NOVEL SUIT.

Bladen County Man Wants Damages for Involuntary Balloon Flight.

(Special Star Telegram.)

Elizabethtown, N. C., Aug. 6.—With the last of the evidence of 40 or 50 witnesses completed tonight the noted balloon trial of Mr. Jim Smith, who was taken up, suspended by a rope only accidentally caught around one foot some 1,500 or 2,000 feet by a wild balloon in the Fair Grounds of Fayetteville last Fall, will be finished tomorrow. Mr. Smith is suing for $25,000. The case has been hard fought by both sides, and only awaits argument of atorneys, and Judge Lyon will charge the jury. The attorneys for the Fair Association have moved for non-suit, which will be orgued tomorrow morning when court convenes. There is much speculation as to the verdict tonight. There was a rush for seats in the Court House today by both men and ladies to hear the recital of the weird flight of Mr. Smith. The witnesses and fair officials left tonight for Fayetteville via steamer City of Fayetteville, which had been chartered to bring them down, and return.

GREENSBORO NEGRO CAUGHT.

Slew Deputy Sheriff Saturday—Another Murderer Also Captured.

(Special Star Telegram.)

Greensboro, N. C., Aug. 6.—Jim McClure, the negro who shot and killed Deputy Sheriff Bain Saturday evening, was arrested today after a four-day hunt by the officers, in the outskirts of Kernersville, Forsyth county. He did not resist the officers and admitted that he did the shooting. He was placed in jail here, but the sheriff may carry him to Raleigh tonight to prevent a threatened lynching.

Ben Hazel, a negro wanted here for wife murder four years ago, was brought to the city this evening and placed in jail. He was arrested in Coatesville, Pa., a few days ago after four years of dodging officers. This makes the third murder case for the next term of court.

WAYNE COUNTY MAN DEAD.

Mr. J. P. Williams, Man of Wealth, Passes Away in Georgia.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 6.—Ed L. and Frank B. Edmundson, received a telegram this morning announcing the death in Atlanta last night of their cousin, J. P. Williams, a native of Wayne county, and an older brother of Geo. W. Williams, of Mt. Olive.

Mr. Williams left this county immediately after the war, going to Georgia, where he became a pioneer in the development of that State, both in the naval store trade and railroad building, and he amassed a stupendous fortune. Just what his estate was worth will require an inventory to determine. He is survived by his wife, but no children.

Baltimore is the latest city to provide for women police.

Invigorating to the Pale and Sickly The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria, enriches the blood, builds up the system. A true Tonic. For adults and children. 50c.

BAD NEGRO ARRESTED

Implicated in Robbery at Trenton and Perhaps in Several Others

(Special Star Correspondence.)

Kinston, N. C., August 6.—When policemen went to Queen and Shine streets last night to arrest a negro for the chief of police at Washington, N. C., they failed to get the man wanted but arrested a much-sought man who was the companion of the fugitive.

The Washington negro ran, and two shots were fired at him without effect. He made good his escape. The officers apprehended the other man, and upon finding a revolver on his person locked him up. For some time he refused to give his name, but finally was registered as John Rouse and his home as Seven Springs, N. C. When arrested he dropped a small book, evidently in an endeavor to keep it from the policeman's sight. This proved to be a bank book bearing the name of Troy Tyndall, white. Mr. Tyndall was located and identified the book. He said that it was stolen from his residence when he lived at Trenton, N. C., more than a year ago. His home there was robbed repeatedly, and finally he moved from the town on that account. Rouse gave the officers a flimsy account of how he secured the book. He is believed to have been implicated in many robberies in the Jones county town during the past few months.

The managements of two local industries will be the hosts of hundreds of mill workers on Friday, August 15th, it was learned today when the date of the annual outing of the Orion Knitting Mills and Kinston Cotton Mills was announced. The managers of both mills, which are located in East Kinston, have been combining for several years past for the entertainment of the laborers on a day during the mid-Summer. A special train will be operated from Kinston to Morehead City, a distance of about 70 miles, and several hours will be spent by the toilers at the seashore, the return being made at night. Passage for them is entirely free, all the expense being stood by the employers. Several hundred men, women and children will be entertained.

COURT REAPPOINTMENTS.

Judge Connor Announces Reappointments of Bankruptcy Referees.

Raleigh, N. C., Aug. 6.—The following appointments and re-appointments have been officially authorized by Judge H. G. Connor, of the United States Federal Court of the Eastern North Carolina district:

George C. Fischer, United States commissioner at Maxton.

A. J. Loftin, re-appointed commissioner at Kinston.

W. H. Buss, commissioner at Washington.

J. C. Warren, commissioner at Edenton.

T. B. Williams, commissioner at Elizabeth City.

M. T. Young, commissioner at Dunn.

Victor H. Boyden and Perrin Busbee, referees in bankruptcy in Raleigh.

S. W. Smallwood, referee in bankruptcy at Newbern.

W. A. Worth, referee in bankruptcy at Elizabeth City.

George Howell, referee in bankruptcy in Wilmington.

GIGANTIC STRIKE THREATENED.

Efforts Being Made to Extend Great Lake Dock Workers' Strike.

Duluth, Minn., Aug. 6.—Indications tonight point to the possibility of one of the most widespread strikes ever experienced by Great Lake dock workers. Efforts are being made to extend the ore docks strike now involving Duluth and Superior to every ore shipping point on the lakes.

F. H. Little, industrial worker of the world, who has been active in Superior and Duluth strikes, late today drew up a proclamation declaring the fact of the strike here and in Superior and appealing to all ore dock workers at all points to join it. The proclamation was sent out by the Superior committee to Two Harbors, Ashland, Marquette and Escanaba.

SUCCESSFULLY LAUNCHED

United States Torpedo Boat Destroyer Cummings

Bathe, Maine, August 6.—The United States torpedo boat destroyer Cummings, built at a cost of $761,500 was successfully launched today. The vessel was christened with champaigne by Mrs. Henry Beales, Jr., of Philadelphia, a niece of the late Lieutenant Commander A. B. Cummings, for whom the warship was named.

LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blest with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 62 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

"PEOPLE'S ADMINISTRATION."

South Carolina Congressman Speaks of McAdoo Plan.

Columbia, S. C., Aug. 6.—Congressman Lever is enthusiastic over the work of the present administration. "I predict that Congress will pass the tariff and currency bill by the first of October," he said. "These measures are regarded as the first of their kind in half a century which look in the interests of the people rather than to the interests of the favored few. It is refreshing to see a Secretary of the Treasury calling in for consultation the bankers of the country who do business direct with the farmer, rather than basing his judgment on the necessities of the situation upon the opinion of men from Wall Street and the financial centers. When Wall Street threatened a panic Secretary McAdoo said there would be none and there was none and when Wall Street began to tighten the reins upon the farmers, Secretary McAdoo promptly offered to the Southern banks $50,000,000. Why is not the certificate of the fact that Farmer Jones has ten bales of cotton in a regularly bonded and insured standard warehouse not as good security for the loan of money as any security upon the top of the earth, and the effort to ridicule this idea is going to fail. I became utterly disgusted with the apparent desire in some quarters to class as insurgents those who had the courage to think upon those large propositions. Of course, in the end, the whole proposition will be fought out in the caucus, which meets next Tuesday and all good Democrats will be found in line with whatever action the caucus may take."

Resinol

heals baby's skin trouble

THERE is no need of baby suffering from eczema, ringworm, tetter or other itching, burning, unsightly eruption. With the first use of Resinol Ointment and Soap, the itching and burning stop, and healing begins. After Resinol has quickly removed the last trace of the trouble, Resinol Soap for baby's bath will usually keep his skin clear and healthy.

Every druggist sells Resinol Soap and Ointment. For free trial, write to Dept. 9-M, Resinol, Baltimore, Md.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable, and all communications should be addressed to,

THE WILMINGTON STAR CO.,
Wilmington, N. C.

Thursday, August 7, 1913.

Mulhall reminds us very much of our old friend Baron Munchausen.

Active capital, enterprising men and energetic people build a city and keep it going ahead.

A politician has the advantage that if he doesn't get what he is after he gets something equally as good.

The people don't aim to do injustice to any interest. Their aim is to put an end to the injustice practiced on them.

Come South and rejoice with those who are growing up with the most resourceful and most versatile portion of the globe.

Numerous opportunities around Wilmington are good and ready to be plucked by men who come here equipped with a sack.

The way to build Wilmington is to start something. Begin with talk to beat the band but wind up with everybody in action.

While turning the rascals out be sure not to turn any of the rascals in. This, of course, is on the presumption that there are any rascals in the game.

The receivership as it is practiced in the United States needs knocking. Gross injustice to bankrupts and creditors has been sanctioned in "courts of justice."

In spite of talk or dullness on the New York stock market, the inventor of a sensational dance or some unique social function has no trouble in getting himself financed.

After trying New Hampshire during the past Summer, President Wilson would better appreciate the mountains or seashore of North Carolina if he should decide to have the experience next Summer.

The Philadelphia Inquirer insists that it should be made a crime to impersonate a Congressman. Well, in many instances the impersonator would be guilty of libeling himself by pretending to be a Congressman that isn't very careful with himself.

Says the Greensboro News: "President Wilson refuses to allow his golf score to be published." Oh, well, probably he is justified. How would you like to have your batting average published, taking it for granted that you ever tried to play baseball.

The ballot primary election in South Carolina was the outcome to reform, but now it is necessary to reform the primary. The best way to keep from having to reform systems and methods so often is to reform the body politic. The people who run the primary may be the same who run the conventions.

The balance of the State is about to get what it wants in the way of freight rates without having to wait on Wilmington for a proposition to co-operate in a plan to secure just freight rates by means of a deep water port for North Carolina. It is always a good idea to "strike while the iron is hot." As Mr. Dooley once remarked: "Opportoonity sthrikes wanst at ivery man's dure," and certainly it has knocked loudly at Wilmington's door during the campaign for just freight rates in North Carolina. Has Wilmington missed a great opportunity?

Probably European countries see no use of showing their goods at our expositions when we put prohibitive tariffs on their manufactures and give them no chance in our markets. High tariffs, as a matter of course, prevent the fair exchange that is no robbery, but the European nations forget that we are about to have a Democratic tariff that will increase our trade with foreign countries by giving them a better opportunity in our markets, heretofore walled in by Republican tariffs for American monopolists. Under prohibitive tariffs American expositions afford a fine opportunity for Europe to make displays for the sake of comity but not with a view to getting any more trade than the law allows.

Graham Crackers are wholesome. They are nourishing. They are palatable and appetizing. Just ask your grocer for a package of

NATIONAL BISCUIT COMPANY

GRAHAM CRACKERS

and find out how good they are. Give them to the children—they can't get enough of them. Keep a few packages on the pantry shelf for daily use. Always look for the In-er-seal Trade Mark.

10c

THE FREIGHT RATE COMPROMISE

On Tuesday at Raleigh, the North Carolina Corporation filed with Governor Craig its formal draft of the compromise offered by the railroads at a conference between the commission and the representatives of the common carriers held in July at Old Point Comfort. This is the latest development in the fight of the State for just freight rates from out-of-State points to commercial and manufacturing points in North Carolina. The Corporation Commission submitted the proposition of the railroads without recommendation as to acceptance and without any extensive analysis of the freight reductions offered by the carriers.

It is announced from Raleigh that Governor Craig will not accept the compromise but will submit it to the legislative commission composed of the Hon. E. J. Justice, the Hon. W. B. Council and Mr. N. B. Broughton, who were appointed to make the State's demand on the railroads, and to the Just Freight Rate Association organized in the State to make a campaign for fair rates in the State in lieu of discrimination a spracticed by the common carriers for many years past. The Governor will call the legislative commission and the Just Freight Rate Association together at Raleigh, on next Tuesday, August 12th, so they can confer with traffic managers and discuss the proposed compromise.

Governor Craig declined to comment upon the compromise offered by the railroads. The draft of their proposition fills twenty pages of typewritten matter, presenting the reductions offered by the railroads.

When asked by members of the press if the terms of the carriers are satisfactory, Governor Craig said: "The report was sent this afternoon and it took me all the evening to read it. It deals with the freight situation at all points in North Carolina and is quite long. It had to be technical somewhat and I do not feel that I can discuss it tonight. I mean, however, to call the legislative commission, the officials of the Just Freight Rate Association and the traffic managers together one week from today. No settlement will be made without giving all the people an opportunity to see what the agreement is and giving them a chance to be heard. I have not had time to consider the matter sufficiently and will not comment upon it now."

It is said the reduction in rates will average about twenty per cent. It is estimated that the reduction on hay will be $12 on a carload; grain and grain products, $20 a carload; flour in sacks and barrels, $24 a carload; canned goods, $21.60 a carload; fresh meats, $12 per carload; agricultural implements and machinery, $8 per carload; wire fencing, $12 per carload. This is only a summary from the report submitted to the Governor, and we use it to show that the railroads make considerable reduction in rates, but their relative bearing to rates to various Virginia points is a matter which depends upon a close analysis of the rates to both Virginia and North Carolina cities. Whether they will be satisfactory or not, depends upon each point to be affected. Each will have to make its own analysis and decide for itself whether it is satisfied with the compromise.

About all we can say now is that so far as jobbers in interior North Carolina are concerned, the reduction will mean a considerable saving, but it will take time to disclose whether or not discrimination is removed to the extent that the compromise rates will be satisfactory. It seems that Wilmington shares in no particular in the compromise and that it will not affect possible unsatisfactory rates to this port. Says the Corporation Commission in its report to the Governor: "The commission urged reduction to Wilmington and other water competitive points on the coast of North Carolina—not to the same extent but with some relation to the reductions to inland points, in order to measurably preserve present relations—but the carriers declined to make any reductions to these points." It was urged as a reason that Wilmington already has lower rates, on account of water competition, than to other points in the State.

Thus we see that whether or not the compromise is satisfactory to other portions of the State, Wilmington is left high and dry with a freight problem of her own. That problem is great or small according to how the business and commerce of the port may be effected by the competition to be met in the favored zones which will secure reductions. That is a matter for the business interests of this city to thresh out among themselves, after a close analysis of the proposed compromised rates to other points in the State.

In a general way, it may be said that the compromise, if accepted, will not settle the rate question as a whole and it will not prevent the Legislature from exercising its right, under decisions of the Inter-State Commerce Commission, to pass laws to provide for regulation of intra-State rates. There is no use to longer delay legislation that sooner or later will be demanded to safeguard all interests.

COMMERCIAL SCOUTS.

Charleston is to send out three commercial scouting parties to further the interests of that port in view of its possibilities on account of the Panama Canal. There will be two keen and experienced business men in each party, and it seems that they have their eye on the Middle West as the objective of this new commercial initiative on the part of Charleston. The Charleston Post commends the idea and comments as follows:

"The plan that is being carried out by the business men of Charleston of sending scouting parties out of this city into commercial centers of the Middle West, with the purpose of drawing attention of the merchants and manufacturers of those places to the possibilities of business through the port of Charleston that the Panama canal will offer, is an admirable one, and can not fail to bring good results. There is nothing spectacular nor extravagant about the movement. Three tours are to be made, each by two of the most progressive business men of this city, and they will present the claims of this city to the consideration of the enterprising merchants and manufacturers of Ohio, Indiana, Kentucky and Illinois commercial centers, in a practical, concrete way, that can not fail to command attention and favorable regard. Here is a feasible movement that has been undertaken by the business men of this city to turn attention to the commercial facilities of Charleston in connection with the canal, and to lay the foundation for an opening of this port to the advatages that great commercial highway will offer to the business men of a very large and active region of this country. A great deal ought to come of it, first in the interest created among the commercial men of the region visited, and, second, among the people of Charleston, to whom the prospect of this interest in and employment of their port should be an incentive to prepare, in a physical sense, for the handling of a new volume of trade. The commercial scouting is a good idea and is being worked out excellently."

Whether the Charleston idea is good or not, it certainly is not a bad idea at all. It simply means that Charleston is making a study of her opportunity for commerce because of her nearness to the Panama canal. We commend Charleston for the spirit which prompts her to begin work, for if the object should fail that port will be in a better position to know precisely what to do when the canal is open for traffic. If the Charleston movement amounts to nothing else, it will show to the country that it appreciates the enlarged scope which the inter-oceanic waterway will give the port and that its business men have gone to work in earnest to get what is coming to them, or which may come through the right kind of efforts.

The Charleston scouts are on the right track to find out what the South Atlantic ports are up against. In the first place, they will find out what Middle West exporters require in the handling of their business. The probability is, however, they will expect to be told by the scouts about Charleston's facilities for handling exports to Central American, South American, Oriental and Pacific points. Charleston may have made all her arrangements in that respect, but if she has not done so she will find out in the Middle West that she will have to do that before she can get business. Charleston must have either a direct steamship line or be a port of call for steamships if she gets much benefit out of canal traffic. In either event, she will have to have terminals for doing the business through any kind of line. As no definite proposition can be stated by the scouts and no rates can be given, we take it that their trip really is to begin to try to find out something.

It will be found out that our South Atlantic ports will have to have terminals and ships to do canal business, but if they haven't got them they will find out that the first thing to do is to get them. With such facilities our ports can compete with any of them. Therefore, none of them should hesitate to get them first and then go after business and get it.

LIVE STOCK RAISING

Georgia and South Carolina are alive to the great opportunity that presents itself in the South's chance to supply a large portion of the Nation's beef. There is no need longer to dwell upon the oft-repeated fact that there is a shortage in the beef cattle of this country and that as a consequence it is looking to the South—the most adaptible portion of the country for the livestock industry. We are glad to see that the live farmers of our sister States are realizing the opportunity that has come their way and that they are going systematically into the organization of co-operative livestock associations.

One was organized at St. Matthews, South Carolina, a few days ago. It has the approval and support of the Department of Agriculture at Washington.

The purpose of these co-operative livestock associations is to promote stock raising and dairying. The association at St. Matthews will be fostered by an expert in the government service and he has already been secured by Representative A. F. Lever, one of South Carolina's live Congressmen.

It would be a good idea to organize these co-operative associations all over North Carolina and we have no doubt that our Congressmen will be able also to enlist the interest of the Washington department in the movement. While these associations aim at developing the livestock industry they embrace all lines of agriculture, especially that of forage production, so necessary in making this a cattle-raising and dairying section.

Learn to swim before you get in the swim.

CURRENT COMMENT.

The Norfolk Southern does not now think it can get here before January 1st. It ought to hurry and make itself a Christmas gift for Charlotte.—Charlotte Chronicle.

You just can't keep North Carolina from finding a seat at the head of the table. Here we have the first of the licensed "eugenic married" in Pennsylvania coming direct to North Carolina so as to keep up the health record.—Raleigh News and Observer.

European nations decline to participate in the San Francisco exposition, for the simple reason that as a commercial proposition they cannot see how it will pay. There is no international comity or courtesy in these matters. And the world exposition is an outgrown amusement. — Greensboro News.

This is a day and generation when a good many things are being stamped out and make back numbers. Down in the Panama Canal Zone that magician of sanitation, Col. Gorgas, put yellow fever out of business. North Carolina has not been without a record as a suppressor of evil things, for it has put down lynching, and since the second year of the administration of Robert B. Glenn, in this commonwealth, there has not been a case, and North Carolina has the honor of leading the entire Southern procession, as well as New Jersey, Illinois, Indiana and two or three other Western States. A country is all the better without lynchings. It is no wonder North Carolina is referred to with approval these days. We are not sitting still, industrially, agriculturally or judicially.—Raleigh Times.

Lovers of luscious bivalves will be distressed to learn that low tides are causing the death of thousands of oysters along the Florida coast. Of the condition on the East Coat the Daytona Gazette-News says: "The extreme low tides which have prevailed in the river for the past week or more have destroyed many oysters and unless the conditions improve at once still greater quantities of the bivalves will be killed by continued exposure to the air and hot sun. It is said that many of the oyster bars in the vicinty of Port Orange have been uncovered for a week and in places along the river shore at Daytona so many of the shellfish have been killed that the stench arising from their putrefaction is very disagreeable. The unusually low stage of water in the river is probably due in large part to the lack of rainfall this Summer, as the prevailing winds have been favorable to high water in the river, being constantly from off the ocean."—Jacksonville Times-Union.

Charlotte people can now shave with a safety made in Charlotte. The Cole Manufacturing Company has just put an excellent make of safety razor on the market, and along with it strops for either Gillette or single edge blades. The safety turned out in Charlotte is not a cheap pattern like so many makes that have appeared on the market and disappeared, but it is a first-class affair, retailing at half the cost of the Gillette. The razor is manufactured by the Cole Razor & Stropper Co., of which Mr. E. O. Cole is secretary and treasurer. The product of this factory is put up in neat shape for retailers to handle and it is an article that ought to meet with instant success. There is no greater convenience to mankind than the safety razor and there is no reason why every Charlotte man should not shave with a safety "Made in Charlotte." The Observer hails this new venture in manufacturing with delight, for it is a practical departure in the direction of diversified manufactures. And it is the small manufactures that make the town. The Charlotte razor ought to prove a splendid advertisement.—Charlotte Observer.

THE COLLECTORSHIP AGAIN

To the Editor of The Star:

Regarding the collectorship of this port I wish to say that the ousting of the present incumbent and the installing of a Democrat in his place should be predicted, not by a mere change of National administration, but by the custom that has prevailed in the past.

Mr. Keith, the present collector, received his commission under the Republican administration, was duly confirmed by the Senate, his term to expire in 1915, and according to usages of the past under such circumstances, the incumbent ought to be permitted, and rightly so, to serve out his term, unless tenable charges could be preferred against him.

The case of Mr. Wallace, former Republican postmaster, was quite different. While his appointment was sent to the Senate by the President, the Senate never confirmed it and his post was left open for the incoming Democratic administration to fill, which they did and which was perfectly proper.

Of all people, politicians particularly ought to be familiar with the above procedures and their attempt to sweep aside by specious argument a tradition that is founded on equity is only equalled by the spectacle of a lot of buzzards soaring around a body that has not expired.

I am holding no brief for Mr. Keith, either as an individual or a Republican (he is a Roosevelt Progressive) but must, as a pre-convention Woodrow Wilson Democrat object to the imputation that the President is a ruthless spoilsman. I do not believe that he will lend himself to the designs of the "insiders" in the matter of the Wilmington collectorship, if he is properly informed.

Never mind what the Republicans did, Democracy stands for something different, for higher ideals and it can only perpetuate itself in power by being more sane, more just and more righteous than its predecessors. Let us be fair. FRANK HERBST.

Canada's water power is estimated at 16,600,000 horse power, equal to an annual production of 36,700,000 tons of coal; only 1,016,521 horsepower has been developed.

Boils Are a Bad Indication

Dangerous Fallacy that they are Healthy—Stop them.

The appearance of boils leads many people to consider them a sign of robust constitution. They are more apt to signify a condition of sick blood, sluggish circulation and a morbid condition of the body. Use S. S. S. for the blood.

It has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all, this remarkable remedy is welcome to the weakest stomach.

You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 185 Swift Bldg., Atlanta, Ga.

The Farmer's Prosperity

During the past ten years the Farmers of the country have come into their own. They have grown somewhat larger crops by intensive methods, but the real reason of their prosperity is that they have handled their affairs more carefully and have become Business Men as well as Farmers.

A prime requisite in the proper handling of a Farmer's business is a checking account at the Bank. No merchant would try to conduct his business without a checking account, and no Farmer should try to do so.

NAVIGATION BOARD MEETS

Monthly Matters Transacted Yesterday by Commissioners—Pilot Boat License Revoked—Other Items of Business.

Wilmington, N. C., Aug. 6, 1913.

Regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held today, with the following present: Vice Chairman J. W. Harper, Commissioners H. G. Smallbones and William St. George, and Clerk L. Brown McKoy.

The reading of the minutes of the last meeting was dispensed with, they having been printed at the time in the local papers and read by the Commissioners.

Reports were received from the monthly soundings committee, and from the quarterly river soundings committee, both of which were approved, and the Clerk was instructed to send the quarterly report to the Inspector of the 6th Light-House District, at Charleston, for his inspection, as is customary, and, upon its return, to post it in the Wilmington Chamber of Commerce.

Quarterly report of the Harbor Master was received and approved.

The following correspondence, between the Clerk of the Board and Major H. W. Stickle, of the U. S. Engineers, was read and approved:

"Wilmington, N. C., July 2, 1913.

"Major H. W. Stickle, Corps of Engineers, U. S. A., Wilmington, N. C.

"Dear Sir:—I wish to thank you cordially, in the name of the Board, for your courteous response to my communication of June 16th, on the subject of the alleged shoaling near Buoy No. 2, which trouble you thought would soon be remedied, in as much as the work of the dredge Cape Fear was being concentrated in that vicinity.

"It was stated at the meeting of the Board held today, however, that the shoal in question is still a menace to the safe navigation of the channel at that point, and I was instructed to ask your kind investigation of the matter.

"Thanking you again for your uniform courtesy and dispatch in handling all communications addressed to you by this Board, I am,

"With sentiments of much respect,

"Yours very truly,

(Signed) "L. BROWN McKOY,
"Clerk."

"War Department, United States Engineer office, Wilmington, N. C., district, July 7, 1913.

"Board of Commissioners of Navigation and Pilotage, Wilmington, N. C.

"Sirs:—In reply to your letter of the 2nd instant, I have to state that the dredge Cape Fear is working day and night on the shoal in the vicinity of Buoy No. 2.

"While the shoaling extends out from the east side to the center range lights, a survey of the ocean bar channel made last month shows a mean low water channel west of the center 150 feet wide and 26 feet deep and over, and shows the width of the 24-ft. channel to be more than 200 feet. I therefore do not consider this shoal at present a menace to the safe navigation of this channel.

"Preparations are now being made for additional dredging on this bar; and if this shoal should continue to encroach upon the channel—which I doubt, with the Cape Fear working there—an additional dredge will be put to work as soon as the necessary arrangements can be made.

"Very respectfully,

(Signed.) "H. W. STICKLE,
"Major, Corps Engineers, U. S. A."

Vice Chairman Harper stated that it had been reported to the Board a few days ago that the pilot boat Captain Cahill, licensed in the name of Pilot J. S. Sellers, under official number 5, was being used for taking out fishing parties at Wrightsville Beach and doing other work contrary to the regulations of the Board. After a thorough investigation of this matter, the Commissioners were convinced that the charges were true, and that the Captain Cahill was being used for purposes other than those of pilotage, in direct violation of the regulations, and it was ordered that the license of the said Captain Cahill be revoked. The Clerk was instructed to cancel the license on his official records and to notify the owner of the boat accordingly.

There being no further business, the meeting adjourned.

L. BROWN McKOY, Clerk.

SERIOUS CRIME CHARGED.

Negro Youth Arrested for Attempted Criminal Assault.

After an all-day chase that led through different parts of the city and into the county, officers from Sheriff Cowan's office last night at 10 o'clock captured Henry Singleton, a negro youth, apparently 13 or 14 years old, who is wanted to answer a charge of attempted criminal assault upon Maud Brown, the five-year-old daughter of Mr. and Mrs. E. A. Brown, which is alleged to have taken place at the home of the parents, No. 219 South Second street, yesterday morning, about 10 o'clock. The boy was arrested at the home of his mother on Castle street, between Eighth and Ninth streets. He was on Castle street, near Seventh, when the officers approached and when he saw them he struck a bee line for home.

Taken to the home of Mr. Brown the youth was positively identified as the boy seen to leave the house hurriedly yesterday morning, following screams of the little girl, who had been dragged under the house by the negro. The screams of the girl as she was dragged along by the negro were heard by members of the family and when they started to see what the trouble was the boy ran away.

The police and the sheriff's office were notified and officers began a search for the boy, whose name they learned soon after the occurrence. It was reported to the police yesterday that the same boy made a similar attempt a few days ago. It is alleged that the boy saw the girl on the street yesterday morning, followed her home and then dragged her under the house.

In the party searching for the youth when the arrest was made were Deputy Sheriffs Kelly, Reynolds, Godwin and Tyndall. The boy was committed to jail to await preliminary hearing before Justice Harriss.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: John J. Furlong and wife to Elijah M. Green, for $100 and other considerations, lot on east side of Ninth street, 99 feet south of Marstellar, 99x150 feet in size; W. A. McGowan and wife to W. D. MacMillan, Jr., and wife, for $10 and other considerations, lot on west side of Wooster street, 66 feet east of Fourth, 66x132 feet in size; Suburban Land Co., to Daisy Lee Canady, for $1,892 lots 110 and 143, Seagate; Wilmington Suburban Company to Paul L. Cantwell and wife, for $100 and other considerations, lot on east side of Fourth street, 100 feet south of Greenfield street, 49x150 feet in size.

LEAVES WILMINGTON OUT

Proposals of Railroads for Adjustment of Freight Rates is Unfair to the Water Points in the State.

Mr. J. Allan Taylor, president of the New Hanover branch of the North Carolina Just Freight Rate Association, and chairman of the traffic committee of the Chamber of Commerce, was asked yesterday afternoon his opinion of the proposal of the railroads as submitted to the Governor Tuesday by the Corporation Commission.

"All the evidence points to the fact that the Southern Railway is in complete control of the situation," said Mr. Taylor, "and that the A. C. L. and S. A. L. are mere subsidiary properties, subject to the domination of controlling mind of the Southern.

"The Southern Railway has no interests in Wilmington, and the adjustment is so arranged that the A. C. L. and S. A. L. shall have no share in any increase of business through the operation of the proposal in Wilmington, and no one knows this fact so well as the A. C. L. and S. A. L." he said.

Mr. Taylor said that in the readjustment of the rates from Virginia water points to North Carolina interior points, the railroads must take in a readjustment of the North Carolina water points before the readjustment can be made equitable. Any disarrangement of the present rates would necessarily upset the rates to tidewater points in North Carolina. The point was made by Mr. Taylor that the present rate situation as regards the whole State is a lawful adjustment and it follows that if proper rates are subject to re-adjustment then, naturally, the adjustment should apply to the entire State, tidewater points as well as interior points.

There is no question of the fact that if lower rates are given cities up-State and no reduction is given in the tidewater section that it will prove disastrous to the commercial interest at all the water points in the State and this fact was strongly emphasized by Mr. Taylor.

Wilmington will not stand for any such re-adjustment as proposed by the railroads, said Mr. Taylor, and is prepared to fight the case to the finish—to a decree from the United States Supreme Court.

He stated that Wilmington and other water points in the State could go to the Inter-State Commerce Commission by petition and show that the railroads gave a reduction to inland points without giving any consideration at all to the water points.

Mr. Taylor and J. G. McCormick, Esq., represented the Wilmington Chamber of Commerce at the meetings of the committee of the State Legislature held in Raleigh some months ago. The position of the Wilmington Chamber of Commerce was that any reduction in rates should include the tidewater points. The local committee pointed out the fact that Wilmington, which already had a lower rate than any other point in the State by reason of water competition, should share relatively in any reduction that was made in the rates.

The committee was assured, Mr. Taylor stated yesterday, that the State Legislative Committee, headed by the Governor, was thoroughly committed to the principle of adjustment as outlined by the Wilmington gentlemen, and the North Carolina Just Freight Rate Association stood squarely on these grounds.

Mr. Taylor yesterday notified Governor Craig that the proposed adjustment did not protect Wilmington and other water points and that it could not be accepted by Wilmington. President Tate of the North Carolina Just Freight Rate Association, was notified to the same effect.

As a parting shot Mr. Taylor had the following to say of the proposition:

"While I think it is the hand of the Southern Railway, it is the voice of the A. C. L. and S. A. L.—these local carriers—and if this cup must be drunk it will be only on decree of the Supreme Court of the United States."

A DIVISION FREIGHT AGENCY

Seaboard Air Line Likely to Establish Such Here—Mr. E. E. Hunter to Succeed Mr. F. A. Fetter, Commercial Agent.

Coupled with the definite announcement that Mr. E. E. Hunter, of Raleigh, will succeed Mr. F. A. Fetter with the Seaboard Air Line in Wilmington, came yesterday the further gratifying semi-official statement in a dispatch from Norfolk, Va., that the Wilmington office heretofore held by Mr. Fetter here will be made a division freight agency or possibly both a division passenger and freight agency with Mr. Hunter in charge, this point having been decided upon as sufficiently important to require a division freight agent in charge.

It will be recalled that Mr. Fetter resigned as commercial agent with the Seaboard here several weeks ago, effective on August 1st, at which time he expected to leave for Raleigh to take up his duties as special agent of the Atlantic Life Insurance Co. Mr. Fetter was asked to remain in Wilmington a couple of weeks longer and it is now decided that Mr. Hunter will arrive here on the 16th, and formally take charge of the office on the 18th. In the meantime official announcement is expected from Seaboard headquarters in Norfolk that the Wilmington office has been advanced either to a division freight agency or both a division freight and passenger agency. Mr. Hunter has been commercial agent of the Seaboard in Raleigh and the News and Observer of yesterday states that he will likely be succeeded by Mr. C. C. Poole, of Augusta, Ga., a Raleigh boy who has been with the Seaboard in various capacities for several years.

In this connection, it will be interesting to know that Mr. C. B. Ryan, general passenger agent of the Seaboard Air Line, spent yesterday in the city with Mr. John West, who succeeds Mr. Leard as division passenger agent in Raleigh. While their visit, of course, has no significance in connection with the proposed freight agency here, it is Wilmington's pleasure to entertain officials of the road often, which indicates that the Seaboard is coming to learn the importance of Wilmington as a point on its lines.

NATIONAL BANKS CONSOLIDATE

Murchison and Southern to be Operated Hereafter by the Former—No Details of the Merger Given Out.

Following separate meetings of their respective boards of directors yesterday, it was officially announced yesterday at noon that effective as soon as the details can be arranged, the Southern National Bank will hereafter be operated by the Murchison National Bank, Wilmington's oldest and largest National banking institution.

No details were given out further than that the business of the Southern would be consolidated with the Murchison National Bank and that as soon as the plan for consolidation of the two institutions can be ratified by the stockholders and approved by the Comptroller of the Currency, the business of both banks will thereafter be handled by the Murchison at its banking house, northeast corner of Front and Chesnut streets.

Rumors have been circulated for the past several weeks that consolidation of the Southern's interests with one or another of the established National banks would take place, but nothing official could be ascertained until after the meeting of the two boards yesterday. Even then, no details of the consolidation were given out further than that the plan for consolidation had been recommended by the respective boards to their stockholders and that as soon as they could meet and approve the plan, which they will certainly do, the affairs of the Southern will then be transferred to the Murchison. The plan also is, of course, subject to the approval of the Comptroller of the Currency at Washington.

The Murchison National Bank, of which Mr. H. C. McQueen is president, has a capital of $825,000, and is well able to take care of the increased business that the consolidation will bring to this old and well known institution. It is known that for some time the Murchison people have been contemplating an increase of their capital stock and with the increased business that will now come to this institution, it is safe to say that within a few months, Wilmington may boast of a million dollar institution, indeed, if not a bank of a million and a quarter capital. However, nothing official as to this has as yet been given out.

With the consolidation, Mr. Chas. N. Evans, the popular and efficient president of the Southern National, will retire to devote all of his time to the presidency of the Atlantic Trust & Banking Co., one of the strongest and most conservatively managed of Wilmington's savings institutions and which has just occupied its handsome eight-story building at Front and Market streets. Mr. Evans, it is understood, will develop the trust feature of the Atlantic, the field for which in Wilmington is very wide. Under Mr. Evans' splendid leadership, the Atlantic Trust & Banking Co., promises even greater things in the future.

Mr. C. M. Patterson, the retiring vice president of the Southern National, will devote all his time to the affairs of the Germanic Manufacturing Co., which was recently chartered with large capital stock to do a manufacturing business.

While nothing has been said as to employes of the Southern, it is understood that as many of them as may desire positions and will be required to handle the increased business at the Murchison Bank will be offered positions at the Murchison. This will be gratifying intelligence to the many friends of Cashier Denny and others of the force of popular young bankers with the Southern, who, it is hoped will continue their residence and business activities in Wilmington.

IMPORTANT BUSINESS DEALS

Mr. R. F. Warren May Buy Out Mr. William Struthers, Jr., and Sell Own Business to Mr. J. F. Russ.

It was learned last night that a triple business deal of considerable magnitude and very wide interest will likely be consummated this morning in the purchase by Mr. R. F. Warren of the cigar store and pool room owned by Mr. William Struthers, Jr., No. 114 North Front street, and the sale of his own business, bakery and confectionery store, No. 22 North Front street, to Mr. J. Frederick Russ, who has been manager of the bakery for several years. Mr. Russ will likely have an associate in the business, but this had not been determined last night.

Negotiations have been pending for several days and it was reported that the deals would be closed yesterday, but Mr. Warren stated last night that the transaction had not been closed but most likely would be today.

Mr. Warren has been in the bakery business for the past 16 or 18 years and has a large and rapidly growing business. He also deals in confectioneries. He is a live business man of experience and if he takes hold of the pool room and cigar store he will doubtless be as successful in that as in the bakery and confectionery business. Mr. Struthers opened his pool room and cigar store about five years ago and it is one of the leading establishments of the kind in the city. He is a fine business man and a very popular fellow. Rumor did not say anything relative to his plans for the future in the event the deal is closed. Mr. Russ, who has been manager for Mr. Warren for some time, is a young man of much business ability and the business would no doubt continue to grow and expand under his ownership.

The public will await with much interest further announcement relative to the proposed triple deal.

Lady Fell on Pavilion.

The only accident of any serious nature in connection with the police excursion at Lumina yesterday was a fall sustained by Mrs. H. E. Taylor, a widow, living at 406 1-2 North Fourth street, who slipped on the floor of the pavilion in some way early last night and sustained a bad contusion of the left arm and shoulder with also some bruises about the head. Accompanied by the family physician, Dr. M. M. Caldwell, Mrs. Taylor was brought up on the 10 o'clock car and taken to her home where Dr. Caldwell is attending her. No bones were broken in the fall.

SHORT SESSION OF COUNCIL

Routine Matters Considered at Regular Weekly Meeting Yesterday Morning—Report of the Street Work.

Routine matters for the most part engaged the attention of the City Council in regular weekly session for an hour yesterday morning with Mayor Moore presiding and all members in attendance except Councilman Loughlin, who is out of the city. It was a very harmonious session, and the discussions, lacking the usual zest, did not provoke much interest.

Report of the city engineer and city attorney on the fire station property at Sixth and Castle streets showed that the property fronts 42 1-2 feet on Castle and 90 feet on Sixth street. The property will be advertised for sale. If it is sold the money will be used in the erection of a new fire station at corner of Fifth and Castle streets.

Belated bills from registrars for transcribing names in the recent city election, aggregating about $40, were presented for payment, the city clerk and treasurer explaining that there is no appropriation to cover the amount now available and suggesting that it be charged to the general expense account. It was so ordered.

On his request Councilman Jones was authorized to purchase a two-passenger motorcycle from the Queen City Cycle Co., for $250, the company agreeing to allow $100 for the one-passenger motorcycle now in use. It was explained by Councilman Jones that a motorcycle that will carry two persons is very often needed at the City Hall in answering calls.

Representing Mr. John J. Blair, chairman of the Civic Improvement Committee of the Chamber of Commerce, Mr. Adam Empie appeared before the board in behalf of the plan outlined some weeks ago by the committee for beautifying the approaches to the city along the railroad tracks and for the appointment of a Tree and Park Commission. The suggestion that a committee be appointed to take up the question of improving the approaches to the city from an aesthetic standpoint will be carried out immediately and the request for a Tree and Park Commission will be given consideration later. Mr. Empie said that he had talked with Mr. P. R. Albright, who will probably represent the Coast Line on the committee, and he expressed himself as being most heartily in favor of the suggestion that the approaches to the city be beautified.

The report of Fire Chief Schnibben for the month of July showed that there were 10 alarms, causes as follows: Sparks from chimney, 5; unknown 3; accident 1; false alarm 1. Total fire loss for the month will be about $40,000, he reported.

On the suggestion of Councilman Chadwick, in charge of the Department of Accounts and Finance, it was decided to appoint a certain day in each month to meet for auditing purposes. Councilman Chadwick explained that under the present plan of reading the bills at a regular meeting, when there is a mass of other matters for consideration, the Councilmen cannot give the proper attention to the bills. A careful reading of these bills at a special meeting appointed for the purpose might save the city considerable money, he said, as it might be discovered that the prices charged on some items is more than the same articles could be secured from some other house.

Councilman Jones asked permission of Council to increase the police force on account of the firemen's tournament to be held here next week. The permission was granted.

Councilman Merritt reported that he had already used two car loads of oil on the macadam streets and stated that he thought that with one more car he could finish treating the most important macadam streets. A car of oil cost between $300 and $400. Now is the time to put it on. Councilman Merritt thought it a splendid investment, as it preserves the streets. Objection to the purchase of another car at this time was made by Mayor Moore on the ground that the Streets and Wharves Department had already run ahead of its appropriation. The matter was discussed at some length and it was finally decided to postpone action until the department can find out definitely how it stands financially.

Request was also made by Councilman Merritt for a deep well on the city property in the northeastern section of the city. In emphasizing the need of a well on the property to furnish water both for the animals and men in his department, Councilman Merritt said that five of his men are sick now, attributable perhaps to the water they have been drinking. Water from the city waterworks plant is now being used on the property. Councilman Merritt said it was the duty of all persons, firms and corporations employing labor to furnish their employes with good, pure water; that it was to the interest of the employer that his employes keep well. Authority was given Councilman Merritt to have the well bored. Although it has a waterworks plant from which it supplies the city with water, the municipality evidently does not believe much in the purity of the water, for deep wells have been provided in nearly every section of town.

Councilman Wood made a few remarks anent the delay in the purchase of sand for the filters and the question raised by Mr. Geo. F. Catlett, the chemist. Councilman Wood said that as the mayor knew (the mayor nodding his assent) he had sent the specifications for the sand to a New Jersey company furnishing sand for filters and they had been returned, declining absolutely to furnish sand in accordance with the specifications. Mayor Moore mentioned the fact that the Water Works Supply Corporation, of Norfolk, had also stated that the specifications were different from those furnished by other cities of the country. Councilman Wood was told by Mayor Moore that the matter of purchase of sand is now up to the waterworks department. As stated in yesterday's Star, Mr. Catlett has been sent to Norfolk by Mayor Moore to examine the sand offered by the company there and if its purchase is recommended by Mr. Catlett an order will be placed immediately.

Councilman Wood inquired about the well at Fifth and Campbell streets, which has been condemned and closed by the health department. Councilman Merritt stated that it had been suggested that probably the casing had slipped, allowing surface water to get in and thus contaminate the well water. Councilman Wood will have the matter looked into.

Mayor Moore stated that the police officers had extended to the members of the Council a most cordial invitation to go to Wrightsville Beach and participate in their annual outing. On motion of Councilman Merritt it was decided that members of the Council and the Mayor and city clerk and treasurer all go down to the beach and join the city's "finest" for the afternoon.

Request was made by Councilman Jones that the City Hall be decorated for the firemen's tournament next week. Mayor Moore stated that arrangements had already been made to have the building decorated.

The city clerk and treasurer suggested a change in the method of purchasing supplies for the different departments, beginning the first of next month. He proposes that instead of making requisition from day to day as the supplies are needed that the heads of the different departments make memorandum from time to time and make the requisition once a month, unless the supplies are needed for immediate use, in which case "emergency requisition" will be made. The plan outlined by Capt. Meares met with the favor of the Council and it will be adopted.

The report of Chief of Police Williams for the month of July showed 167 arrests, 75 white and 92 colored.

Street Work in July.

Councilman Merritt stated that he wanted to compliment Mr. John C. McAlister, superintendent of streets for the work he had accomplished during the month of July, as shown by the report which was submitted. The report was made by Mr. McAlister to Councilman Merritt, and is as follows:

"Repaired Water street, from Dock to Chesnut. On account of heavy rains for past month have had to clean storm sewers on three different occasions. Laid 250 feet 15-inch drain pipe on Wright street, from Third to Fourth. Repaired Castle street, from Sixth to 17th, and put metal iron covers on monuments. Reset 75 feet of curbing on Orange street, from Front to Water. Built 500 feet fence at city stables. Hauled 300 loads dirt in driveway at incinerator. Cleaned gutters and repaired Fourth street, from Castle to Nun. Built two storm sewers at Water and Ann streets and one at Water and Orange. Moved 200 loads sand in order to build retaining wall on Fourth street, from Wooster to Dawson.

"Cleaned gutters and oiled following streets, total of 25 blocks: Castle, from Sixth to 17th; Fourth, from Nun to Castle; Orange, from Fifth to Ninth; Fourth, from Dock to Grace; Chesnut, from Third to Seventh; Princess, from Sixth to Seventh.

"Built about 60 feet driveway on Harnett, Fourth to Fifth. Cleaned gutters on Dock, from Third to Ninth. Hauled five loads 24-inch pipe to 15th and Dock.

"Two of hands employed I have had continually trimming and cutting down dead trees.

"I keep six men continually sweeping streets in the business part of the city.

"Every Friday afternoon and Saturday the entire force sweep and clean 76 blocks and 18 alleys.

"We average delivering to incinerator from 50 to 60 loads trash every day.

"Have removed from Bonitz Hotel building about 300 loads and placed same on Third street, from Castle to Queen, and on Nun street, from Sixth to United States Marine Hospital gate.

"I was notified on night of 22nd that the incinerator would be tested the following day and put two extra carts and auto truck in addition to regular trash carts bringing in trash and delivered 36 tons. I mention this to show the amount of trash that could be delivered each day.

"Have delivered to Mr. Rehder 80 loads street sweepings at 25 cents—$20.

"On account of storm Saturday night, the 19th, was compelled to work force half of night removing seven trees blown down on sidewalks and streets.

"Have placed sand on Fifth street, from Market to Walnut.

"Would appreciate Council placing pump at city stables to be used as means of obtaining drinking water for men employed."

FINE OUTING AT BEACH.

Police Officers and Their Friends Spend Day at Wrightsville.

Members of the Wilmington police department and their friends and several hundred friends enjoyed an outing at Lumina, Wrightsville Beach, yesterday. The occasion was the annual outing of the police department. Hitherto these annual outings have been held at Carolina Beach, but when it was announced that square dancing was under the ban there the guardians of the law cancelled the date and later arranged to go to Lumina, where the management not only allowed square dancing throughout the day, but aided in many other ways in making the occasion one of the most delightful the blue coats have ever enjoyed.

One of the features of the outing was the dinner, served picnic style, on the first floor of the pavilion, the Tidewater Power Company having provided tables on which to spread the feast of good things to eat. It is estimated that about 500 partook of the dinner.

The officers, members of their families and friends returned to the city early last evening much refreshed from their few hours' sojourn at the resort.

To the Depositors of The Southern National Bank:

As announced in the newspapers the undersigned banks have arranged for consolidation, and due notice will be given of the early date when the transfer of accounts will be made.

Until this announcement is made, the depositors of the Southern National are requested to continue depositing there as usual.

THE MURCHISON NATIONAL BANK.
by H. C. McQueen, President.

SOCIAL & PERSONAL

Miss Fannie Linder, of Baltimore, is visiting her sister, Mrs. F. W. Mohr, No. 505 North Seventh street.

* * *

Miss Virginia Elwell is ill of typhoid fever, friends will regret to learn. She is at Harper's Sanitarium.

* * *

Miss Pollie Parson and Master Orvin Phillips, of Newbern, are the guests of Mrs. W. R. Nixon, at No. 923 North Fifth street.

* * *

Durham Herald: "Miss Anna Goodson has gone down to Wilmington, where she will spend a week with friends and relatives."

* * *

Mrs. E. H. Moore returned to her home in Atlanta, Ga., yesterday, after spending a few days as the guest of her niece, Mrs. W. R. Nixon.

* * *

Miss Eugenia Murray, of Kenansville, N. C., who has been the guest of her cousin, Miss Mary A. McDonald, returned home yesterday morning.

* * *

Messrs. B. B. Adams, of Four Oaks, and J. C. Adams, of Linden, are visiting their brother, Rev. G. T. Adams, pastor of Fifth Street Methodist church.

* * *

Atlanta Constitution: "Miss Marie Fennell is visiting friends and relatives in Wilmington, N. C. She will also visit friends in Virginia before returning home."

* * *

Mr. and Mrs. G. H. Skinner have returned to their home at Bishopville, S. C., after a visit to her sister, Mrs. J. Davis Robbins, Jr., No. 128 North Second street. Before coming to Wilmington, Mr. and Mrs. Skinner spent a while at Southport with Mrs. Skinner's parents, Mr. and Mrs. James A. Drew.

* * *

Mrs. J. S. Crowley left Tuesday morning for Boston, where she will spend several weeks with relatives. She will be joined by her husband, Rev. J. S. Crowley, the first of September and together they will spend the month there, returning to Wilmington October 1st.

* * *

The Sunday school of Immanuel Presbyterian church will have an outing and picnic at Carolina Beach Friday and the event is being looked forward to with much pleasure by members of the school and their friends. The picnickers will go down on the morning trip of the steamer Wilmington, leaving the city at 9 o'clock, and will return in the evening.

* * *

Charleston Evening Post: "Mrs. L. J. Schaefer, of Wilmington, N. C., and three little children, George, Edna and Kingdon, will be the guests of Mr. and Mrs. Harry W. Kingdon for a few weeks. Little Miss Edna is coming on to join her grandmother. Mrs. George Kingdon, who left on the Apache for New York to visit Mrs. George W. Schaefer on Long Island."

* * *

Dr. and Mrs. Lionel H. Love, of Pacific Grove, Cal., arrived in the city Sunday and will spend some time during the Summer with relatives and friends, of whom they have a great number in Wilmington. Dr. and Mrs. Love had a most interesting trip across the continent, traveling by rail to some point in Michigan where Dr. Love purchased a handsome roadster automobile which they drove the remainder of the way to Wilmington. They came via Washington and down through the valley of Virginia, reaching Wilmington Sunday evening, their speedometer registering something over 2,800 miles. With the exception of two minor punctures, the entire trip was without a mishap and was most pleasant and agreeable in every respect.

* * *

MISS MADIE BROWN BRIDE OF MR. BRADLEY A. BLAKE

Of much interest to many friends in this city was the marriage at 8 o'clock last night of Miss Madie Lee Brown and Mr. Bradley A. Blake, the ceremony being performed at the home of the bride's parents, Mr. and Mrs. Millon Brown, No. 803 South Fourth street. There were present a large number of relatives and friends to witness the ceremony, which was impressively performed by Rev. W. L. Rexford, pastor of Bladen Street Methodist church. Following the ceremony an informal reception was given in honor of the bridal party. Mr. and Mrs. Blake will leave this morning for a trip to Northern cities of interest and on their return in about ten days will make this city their home. They are very popular young people and have the best wishes of many friends for a long and happy married life.

PERSONAL PARAGRAPHS.

—Friends of Mr. Lewis Williams, Jr., of No. 207 Grace street, are pleased to see him out after a severe attack of malarial fever.

—J. O. Carr, Esq., returned last night from a professional trip to Southport and leaves this morning for Red Springs on legal business.

BANKERS TO WASHINGTON.

Committee From Local Clearing House Association to Confer.

Representing the Wilmington Clearing House Association and in response to an invitation from Assistant Secretary of the Treasury John Skelton Williams, Messrs. H. C. McQueen, W. B. Cooper and Chas. N. Evans, presidents of the three National banks in Wilmington, left last night for Washington, D. C., where today at 10 o'clock in the treasury building they, with representatives from 58 other large cities of the agricultural sections of the South, Middle West and Pacific coast, will confer with Secretary McAdoo, of the Treasury Department, regarding the distribution of the $50,000,000 of government funds to be deposited in the National banks of the sections named to facilitate the marketing and movement of the crops.

The conference with the bankers is to give Secretary McAdoo first hand information as to specific and relative needs of each of the farming districts. The conference with representatives from Southern cities will be held Thursday, with those from the West Friday and with those from the Pacific a week from today.

The Treasury Department expects to begin making the deposits before the close of August and gradually to feed the money into the centers selected as the demands grow through the crop moving period.

Convict Escaped

Guy Nixon, colored, who was sentenced from the Recorder's court about a week ago to three months on the county roads for selling whiskey, made his escape from the camp on the Federal Point road, just below the city, yesterday about noon. While all the convicts were at work Nixon broke and ran. He had not been captured last night.

LOCAL DOTS.

—There was no session of the Recorder's court yesterday's the lone case on the docket being continued until today.

—License was issued yesterday for the marriage of Mr. William Toy and Miss Lena Yopp, daughter of Mrs. Wm. A. Yopp. The ceremony was announced to be performed in the afternoon by Justice Bornemann.

—Postmaster Green has made arrangements to have a parcel post window placed in the postoffice in the partition which joins that in which the letter slots are located. In order that a person may tell what amount of postage will be necessary on a package without having to call upon a clerk, a pair of scales will be placed near the window.

Tried the Tango Dance.

C. Supplee, of Philadelphia, who has spent the Summer at Wrightsville Beach, was given hearing before Justice Harriss yesterday on a charge of disorderly conduct, fined $10 and costs, and a case charging resisting an officer was sent over to the Recorder, the defendant being recognized for his appearance today. It is alleged that Supplee tried the Tango dance at Lumina Tuesday night and acted in a most disorderly manner when he was ordered to desist by Mr. W. B. Savage, officer in charge of the pavilion. He is alleged to have misbehaved so badly that a charge of resisting an officer was brought against him.

KNIGHTS MEET ON STEAMER.

Religious Ceremonies at Cathedral Precede K. of C. Convention.

Boston, Aug. 6.—Three thousand Knights of Columbus assembled at high mass in the cathedral of the Holy Cross here today. Bishop Anderson, of Boston, read a cablegram from Cardinal Merry del Val conveying the felicitations of Pope Pius X.

The supreme convention of the Knights of Columbus later was formally opened on board a harbor steamer while the delegates sailed along the North shore.

Supreme Secretary William McGinley, of New Haven, Conn., reported a total membership of 302,074. During the year 47 new councils were instituted, and the net increase in membership was 19,326.

Practically all the Supreme officers were re-elected at today's session of the annual convention. The officers unanimously chosen were Supreme Knight James A. Flaherty, Philadelphia; Deputy Supreme Knight, Marlin H. Carmody, Grand Rapids, Mich.; Supreme Secretary, William J. McGinley, New Haven, Conn.; Supreme Treasurer, Daniel J. Callahan, Washington.

TO "COOK WITH GAS"

Philadelphia Mint Will Use New Fuel for Melting Coin

Philadelphia, August 6.—For the purpose of reducing the operating expenses the management of the United States mint in this city will use gas as a fuel instead of oil as heretofore, it was announced today. Service mains have been installed and will be ready for service September 1st. It will require 30,000,000 feet of gas a year to melt the bullion from which the coins will be made. Heretofore nearly 240,000 gallons of oil have been consumed annually.

Wrightsville Beach

Mr. and Mrs. E. M. Toon, of Whiteville, are spending a few days at the Hanover Inn.

Mr. and Mrs. A. D. Cannon, of Atlanta, Ga., have returned after a week's sojourn at Seaside Inn.

Mrs. C. C. Bennett and daughter, Miss Theodora, and Master Harold Bennett, of Sumter, S. C., are at the Seaside Inn for a week or ten days.

Tuesday's Durham Herald: "Henry Bailey left yesterday morning for Wrightsville Beach, where he will join a party of campers for the rest of the Summer."

Mrs. James McLester, of Birmingham, Ala., is a guest at the Virginia cottage. Her sister, Miss Edith Bowron, also of Birmingham, is a guest at the Seashore Hotel.

Mrs. DeLorme and two daughters, Misses Lucille and Marie; Mr. R. M. Holden and Miss Mary Stuckey, of Sumter, S. C., are spending a week or ten days at Seaside Inn.

Among the recent arrivals at the Hanover Inn are: Mr. and Mrs. A. J. Camnack, Shannon, Okla.; Mr. and Mrs. J. H. Wheeler and child, Jackson, Tenn.; Chas. H. Ireland, Jr., L. A. Hadbook, Greensboro; H. E. Henry and family, Henderson, Ky.

Mrs. A. H. Walstrom, of Birmingham, who is a guest at the Seashore Hotel, was hostess Tuesday night at a most delightful bridge party. She had as her guest about 20 friends and all had a most enjoyable time. After the games were over, refreshments were served.

Another exhibition of fireworks will be given at Lumina next Monday night. This will be the second of a series of three exhibitions, the first display having taken place last Monday night. The last display was a very fine one and was much enjoyed by a large crowd of spectators.

Yesterday's arrivals at the Seashore Hotel include F. R. Henry, Milton G. Smith, Greenville, S. C.; Mr. and Mrs. A. F. Woods and child, South Carolina; Miss Thressa Patterson, Lumberton; Miss Mary S. Rankin, Mr. and Mrs. J. F. Gilmore, Fayetteville; Miss Nellie Edgerton, Chas. A. Thompson, Goldsboro; H. W. Cutchin, Rocky Mount; A. O. Trust, East Arcadia; W. R. Love, Armour; Mr. and Mrs. T. H. Boone, Walter Boone, Anna Boone, Jennie Boone, Mary Lou Boone, Macon, Ga.; E. C. Welch, Salisbury; Mr. and Mrs. L. M. Sanderson, Miss Emily Southall, Magnolia; Miss Mary Howard, New Orleans, La.; Mrs. John W. Sibley, Miss Hettie Sibley, Miss Margaret Sibley, Miss Almer Wesser, Miss Josephine Johnston, Birmingham; C. A. Nichols, Richmond.

Yesterday's Charlotte Observer: "Rev. Harris Mallinckrodt, rector of St. Peter's Episcopal church, left last night for Wrightsville Beach to spend several weeks.——Miss Corinne Gibbon and Mr. James Gibbon have returned home from a two weeks' stay at Wrightsville Beach. Miss Gibbon was chaperoned by Mrs. Robert J. Walker."

Arrivals at the Oceanic Hotel include Mr. and Mrs. Ed. Pennington, Miss Margaret Pennington, Tarboro; C. B. Ryan, of Norfolk, general passenger agent of tse Seaboard Air Line, and J. T. West, Raleigh, division passenger agent of the same road; A. H. Thompson, Atlanta; Mr. and Mrs. E. A. Holmes, Birmingham.

Among the recent arrivals at Seaside Inn are S. R. Summer, Atlanta; F. C. Elliott and wife, Norfolk; O. J. C. Dail and wife, Goldsboro; Mrs. Ross Betts, Burgaw; H. M. Thompson, Mullins, S. C.; Miss Irma Howard and Miss Jessie Herotson, Folkston, N. C.; Miss May Cole, Carthage, N. C.; Dr. J. T. Davis, Glendon, N. C.

Accommodations for Firemen.

The attendance at the annual convention and tournament of the North Carolina Firemen's Association next week, will be the largest in years, according to reports which reach Chief Chas. Schnibben, of the local fire department. Already he has arranged accommodations at boarding houses for about 600 firemen. If there are any other boarding houses in the city that could take care of some of the firemen for the four or five days they will be in the city Chief Schnibben would be glad if they will communicate with him, giving rates, number that could be accommodated, etc. This information should be given Chief Schnibben at once.

SOME FAMILY THIS

Aged Pensioner One of 25 Children—Twins and Triplets Common

Washington, August 6.—What is regarded by the Pension Bureau as the history of the most remarkable family ever coming beneath its notice was contained in a letter received today from Dr. William Warren, of St. Joseph, Mo. The letter was in reply to one from the pension commissioner asking Dr. Warren for his family history as that a readjustment in his pension might be made under the new law. Dr. Warren replied:

"I do not know whether there was a family record of the births of all my father's children, of whom there were 25 in all, by three wives, who were sisters, and of whom the first two wives were twins, and the third wife also one of twins. My mother had triplets, three boys, of whom I was one. She had no other children. All the other wives' children were twins. In all, of the three wives there were 13 boys, all of whom were soldiers. All of the 25 children are dead but myself."

The veteran is 76 years old. He will get an increase in pension.

SEVERE STORM AT ROANOKE

Power Plant Put Out of Commission —Heavy Property Damage

Roanoke, Va., August 6.—A severe wind and rain storm which swept this section late this afternoon blew down between 25 or 30 handsome and costly monuments and headstones, in Fairview, the city's largest cemetery, entailing damage to the amount of $6,000. Several houses were unroofed in the vicinity of the cemetery, and the local power plant was struck by lightning, cutting the city out of current for a short while.

THE SUFFRAGETTES

Record of Their Activities in Washington and 'Frisco

Washington, August 6.—Looking on the District of Columbia as an excellent ground for proselyting, members of the National Council of Women Voters, which meets here next week, announced today that they would wage a vigorous street-speaking campaign in the hope of making converts for the "cause."

Suffragists of sensational reputation will preach the suffragist articles of faith on the street corners every evening for the next ten days and the crusade may be continued even longer. The campaign really was launched last night, when a big meeting in Pennsylvania avenue was addressed by Miss Mabel Vernon, of Wilmington, Del.; Miss Doris Stephens, of Dayton, Ohio, and Mrs. Jessie Harding Stubbs, of Chicago.

San Francisco, August 6.—A test case involving the right of a large number of California women to vote was decided in the State Supreme Court yesterday against Mrs. Ethel Coope McKenzie, wife of a Scotch singer. The court sustained the decision of the San Francisco election commissioners that Mrs. McKenzie, who is a native of California, became a British subject when she married McKenzie, who has not foresworn his allegiance to King George.

Temporary Larceny Charged

Charged with the temporary larceny of an automobile belonging to Capt. Edgar L. Hinton, manager of the Seashore Hotel, James Herring, alias Buck Herring, colored, who has been employed by Captain Hinton, was arrested yesterday by Constable Davis. In default of $200 bond the negro was committed to jail to await trial Friday before Justice Harriss. It is alleged that the negro took Captain Hinton's car from his garage at Wrightsville Sound last Friday night and carried a crowd of negroes joy riding. The automobile passed Constable Davis at a late hour that night and suspecting that something was wrong the officer took the number of the car. He found the next day that the machine belonged to Captain Hinton, who was not aware that it had been taken from the garage and used until informed by the officer.

ED WALSH RETIRES

Star Pitcher of Chicago Americans May Go to Outfield

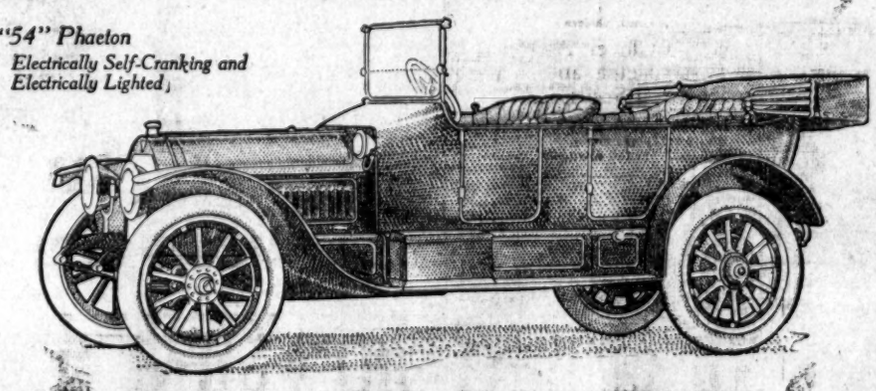
Chicago, August 6.—Ed Walsh, star pitcher of the Chicago American League club, whose arm has been sore since Spring and who has taken part in but few games this season, left today to visit a specialist at Youngstown, Ohio, where he will undergo an examination to ascertain whether his career as a twiler is at an end.

His last appearance with the White Sox was in Chicago, July 19th, when he was obliged to retire after pitching two innings against the Philadelphia Athletics. His friends say that rest and treatment here have not helped his arm. Walsh said today that if he finds himself unable to pitch again he will make an effort to become an outfielder.

Sofia, Bulgaria, Aug. 6.—There is no foundation for the reports published abroad of the arrest of Dr. S. Daneff, formur Bulgarian premier, at the instance of the Bulgarian government.

The World's Largest Builders of Six-Cylinder Automobiles

"54" Phaeton
Electrically Self-Cranking and Electrically Lighted



Study the Dealer as Intently as You Do the Car

Do not purchase an automobile of a dealer in whom you cannot have complete confidence. Personality is a large factor in business dealings. The dealer whose personality engenders your confidence in him, whose business principles are sound, who is prosperous and for whom owners of cars he has sold say good words is the logical man from whose firm you can safely purchase an automobile.

GOOD SERVICE with a poor car is a better buy than poor service with a good car.

If you would know the value of dealers' service in the operation of an automobile, you have but to consult men who have owned several different makes of cars and, if you will talk with any HUDSON owner, you will appreciate the value of the type of service we furnish to the owner of an automobile.

All business is done solely on confidence.

Confidence of one man in another. If you cannot have confidence in a dealer who sells the car you have selected, then yours is an unsafe purchase.

The Service You Buy When Your Choice is a HUDSON

There is scarcely any limit to which we will not go to insure HUDSON owners the fullest satisfaction from their cars. We are more interested in you and your motoring interests after we have sold you the car than before you have bought. Yet, we realize that this is contrary to the attitude of the average automobile concern.

This service that we give you is but keeping faith with the Hudson Motor Car Company. There is a clause in our contract with the factory, which insures every purchaser of the highest standard of motor car service to be had, and this we cheerfully and rigidly adhere to in our deals with owners.

The New HUDSON "Six" rose to a higher point as a sales success than any 6-cylinder car has ever seen in the same length of time it has been on the market. Its exceptional performance has been unusual among 6-cylinder cars.

Its smooth, sweet-running mechanism gives a sensation of flying that is lacking in a 4-cylinder car. You can throttle it down to 3 miles an hour on high speed and pick up to 60 miles an hour with smoothness and ease that will be a revelation to you, if you have owned 4-cylinder cars.

You can go through city traffic at 3 miles an hour on high, with every cylinder hitting as smoothly as if you were going ten times as fast.

Avoid Disappointment in Getting Delivery

Ninety per cent of HUDSON orders are for spring delivery—hence, within a few days, it will be impossible to secure a delivery date for a car.

Hence, we cannot impress too strongly upon prospective purchasers the necessity of securing a fixed delivery date for their cars.

It would be well to come see the New HUDSON "Six" at your earliest convenience, or write or phone for new catalog.

The "54" Phaeton sells at $2450. The "37"—the "Four-cylinder masterpiece"—is $1875, prices f. o. b. Detroit.

COTTON TAKES FIRMER TONE

Apprehension Over Crop Outlook—The Close Steady at Practically the Best Point of the Day.

New York, Aug. 6.—Renewed apprehension over the crop outlook in the Southwest imparted a firmer tone to the cotton market during today's trading. The demand did not become active or general, but there was enough buying to suggest more or less nervousness among recent sellers while there was also some support from trade sources, and the close was steady at practically the best point of the day, or 15 to 15 points above the final figures of Tuesday.

The market opened steady at an advance of three to five points in response to Liverpool cables than expected, and after some little irregularity turned firm on the forecast for generally fair weather in the Western belt. The detailed reports, showing dry and hot weather during the past 24 hours in both Texas and Oklahoma, contributed to the advance during the middle of the day, and active new crop months sold about 14 to 15 points net higher on covering.

There was also a scattering demand which came partly from houses with spinning connections, but there was no sign of aggressive bull support or of any fresh general interest on the long side, and after the flurry of covering had subsided, the advance was checked by realizing. Slight reactions occurred later, but selling for short account was restricted by more numerous reports of deterioration from Texas, Oklahoma, Arkansas and Mississippi, and the market held very steady in the late trading. Private cables from Liverpool reported a poor spot demand, and said that the market had been steadied by continental buying. Advices from Northern Mississippi said that the crop was shedding and there were a number of private wires claiming boll weevil damage in the Central belt.

Very high temperatures were reported in Oklahoma, ranging from 99 up to 107 degrees, and report from Texas claimed that large producing areas were still suffering from lack of moisture. Most advices from other sections of the belt continued favorable, however, and the unfavorable reports from the Southwest were said to have caused more covering than fresh buying for long account. Ocean freight room engagements for 10,300 bales were reported for August shipments from the local stock.

Spot cotton, quiet. Middling uplands, 12.00; do. gulf, 12.25; sales, none.

Cotton futures closed steady.

THE DRY GOODS MARKET

New York, August 6.—The cotton goods markets are easier on lines for late delivery in consequence of easier prices on raw cotton. Worsted yarns for knitting purposes are in light demand as a consequence of a strike among knitters in Greater New York. Cotton yarns are quiet. Burlaps remain very firm and jute is at high water mark prices.

THE FINANCIAL MARKET

New York, August 6.—Money on call steady, 2 1-4 to 2 1-2, ruling rate 2 1-4, closing bid 2 1-4, offered at 2 1-2. Time loans easier; sixty days 3 3-4 to 4, ninety days, 4 1-2 to 4 3-4; six months, 5 3-4 to 6. Prime mercantile paper 6 to 6 1-2 per cent. Sterling exchange steady, 4.8315 for sixty day bills and at 4.8805 for demand. Commercial bills 4.82 3-4. Bar silver 59 1-8. Mexican dollars 47.

COULDN'T KILL HIMSELF

Barber Fires Four Shots in Vain Attempt at Suicide

Pittsburgh, Aug. 6.—Frank Weiter, a baber, this morning dressed himself carefully and completed all arrangements for his wedding, scheduled to take place at 9 o'clock. He then went to his room and fired two shots into his breast, near the heart. Discovering he was not dead, he fired another shot at his head, but sustained no injury other than a flesh wound. He then pulled the trigger of the revolver again, but the bullet went wild.

When physicians arrived to remove him to the hospital he refused their help and walked unaided to the ambulance. It is believed he will recover.

Weiter gave no reason for his act.

The Best Hot Weather Tonic

GROVE'S TASTELESS chill TONIC enriches the blood and builds up the whole system, and it will wonderfully strengthen and fortify you to withstand the depressing effect of the hot summer. 50c.

COMMERCIAL SECRETARIES.

Organization Meeting to be Held in Asheville This Month.

Charlotte, N. C., Aug. 6.—A call has been issued for the organization meeting of the North Carolina Association of Commercial Secretaries to be held in Asheville, August 28th and 29th. It is believed by those promoting the organization that a strong association of boosters of the various cities of the State can be obtained at this time which will not only promote the interests of the various commercial organizations of the individual cities but also of the State in general. The call is issued by J. H. Warburton, secretary of the Salisbury Commercial Club and the meeting will be held with the Asheville Board of Trade.

In a tentative programme sent out with the call numerous addresses are scheduled by secretaries and commercial organizations throughout the State and from leaders in this line of work in other Southern States.

Leake Carraway, managing secretary of the Greater Charlotte Club, is on the programme for the response to the address of welcome. Mr. Carraway will also deliver an address at the second day of the convention on "Commercial Organizations in North Carolina Towns." W. S. Creighton, traffic manager of the Charlotte Shippers' Association, will make a talk on "The Freight Rate Question in North Carolina."

Bruce Kennedy, president of the Southern Commercial Secretaries' Association, will deliver an address on State Organizations, and will also make a talk on "Advertising Space and Cost of Some Campaigns" Representatives of practically every commercial organization in the State are scheduled for short talks and addresses during the two days' sessions.

Governor Craig will be the guest of honor at a luncheon on the second day of the meeting and will deliver an address on "North Carolina, Our State."

The first public telegraph office was opened on Seventh street, Washington D. C., April 1, 1846.

STOCK MARKET SITUATION

Temporary Further Rise in Union Pacific the Outstanding Feature in Trading—General Bond Market Firm.

New York, August 6.—The outstanding feature of today's professional and frequently stagnant stock market was a temporary further rise in Union Pacific based on gossip that some distribution in cash or stock may follow the company's sale of Southern Pacific holdings.

From authoritative sources it was learned that no foundation exists for such rumors, but it is not denied that some action beneficial to Union Pacific stockholders may be taken before long.

Union Pacific's two-point advance registered in the very early dealings was not shared by other leaders, most of which manifested a backward tendency. Steel was under pressure on unfavorable estimates of its July tonnage, Amalgamated Copper suffered a partial setback, despite another advance in the metal, and Reading and Lehigh Valley were sold by the shorts in anticipation, it was said, of Federal action against the anthracite roads.

Louisville and Nashville yielded slightly on Washington advices dealing with a proposed inquiry into its subsidiaries, but the public utility stocks were not affected by circumstantial reports that the Telephone and Telegraph companies are to be subjected to further examination by the Inter-State Commerce Commission. In fact, Western Union rose a full point.

New Haven was inclined to ease off, which may not have been unrelated to the probable suspension of the Boston and Maine, preferred, dividend.

A better demand for commercial paper by local and interior banks was the only notable change in monetary conditions. Six months money was easier, on more liberal offerings.

The general bond market was firm, with some activity, at better prices in Erie, New York Central debentures, 'Frisco 5s, Wabash 4s and Western Maryland 4s. Government bonds were unchanged on call.

Total sales, par value, aggregated $1,-500,000. Total sales were 250,200 shares, including A. C. L., 300; C. and O., 2,800; L. V., 1,300; and N., 200; N. and W., 500; Reading, 36,000; S. A. L., 200; S. A. L. preferred, 300; Southern Railway, 4,900; T. C., 1,300; U. P., 30,500; U. S. Steel, 54,-200; U. S. Steel, preferred, 900; V.-C. C., 100.

EX-JUDGE BIGGS RECEIVER

Will Wind Up Affairs of Newton-McArthur Lumber Co.

Yesterday afternoon's Fayetteville Observer says:

"As already mentioned in the Observer, the Newton-McArthur Lumber Company, operating at Elizabethtown, Bladen county, with the home office in Fayetteville, was last week placed in the hands of Temporary Receivers J. A. McLean, Jr., and J. Dixon McLean. At a meeting of creditors held last night, Judge J. C. Biggs, of Raleigh, representing banks which are largely interested, was by consent made permanent receiver."

Wood's High-Grade Seeds.

Crimson Clover

The King of Soil Improvers, also makes splendid fall, winter and spring grazing, the earliest green feed, or a good hay crop.

CRIMSON CLOVER will increase the productiveness of the land more than twenty times as much as the same amount spent in commercial fertilizers. Can be sown by itself or at the last working of corn, cotton or other cultivated crops.

We are headquarters for Crimson Clover, Alfalfa, Winter Vetch, and all Farm Seeds,

Write for prices and **Descriptive Fall Catalog**, giving information about all seeds for fall sowing.

CONLEY'S EVIDENCE FINISHED

(Concluded from Page One.)

the jury was not present. Mr. Arnold then withdrew his motion.

Dr. H. F. Harris, secretary of the State board of health, who collapsed on the witness stand while giving sensational evidence several days ago, completing his testimony today. Extended cross examination failed to shake his statements. Mrs. Coleman, mother of the murdered girl, was recalled to the stand for a few minutes just before court adjourned for the day.

Cross examination of James Conley, State's witness in the trial of Leo M. Frank, was concluded today. The negro held to his story throughout the ordeal.

COMING OF THE MAYORS.

Will Make Merry With Fire Laddies at Wrightsville Beach.

Charlotte, N. C., Aug. 6.—Mayor Charles A. Bland, who is president of the Carolina Municipal Association, is busily corresponding with officers of the association over the State with reference to the meeting of the association that is to take place in the Oceanic Hotel at Wrightsville Beach on the 14th, 15th and 16th. A very large attendance of mayors and other city officials of the State is expected to mark the occasion. Besides the meeting of the municipal association, there will be held at Wilmington on the 12th, 13th, 14th and 15th the State Firemen's Tournament.

Mr. James D. McNeill, ex-mayor of Fayetteville, who is a prominent member, both of the municipal association and also of the North Carolina Firemen's Association, was here day before yesterday in the interest of the firemen's tournament and is visiting other cities for the same purpose. He reports the prospects exceedingly bright for one of the most successful events of the kind ever held in the State. The Charlotte fire department will be duly represented at the meeting, Chief Wallace stated today. He will probably send two or three men, though the full plans for sending the local men have not been completed.

The meeting of the mayors and other city officials at Wrightsville is expected to be quite an event, for the reason that almost every topic of municipal interest will be touched upon by some prominent speaker. One of the addresses looked forward to with most interest is that of Dr. W. S. Rankin, of the State board of health, who will speak on the "Fundamental Public Health." Another address that will be very interesting and also very timely will be that of City Attorney Chase Brenizer, of this city, who will speak on "What Amendment to the Constitution Would be Most Beneficial to Municipalities?"

BANKERS' CONFERENCE.

General Responses From All Over the Country—Protests.

Washington, Aug. 6.—Secretary McAdoo's invitation to Southern bankers to attend a conference at the Treasury Department tomorrow to discuss the proposed distribution of $50,000,000 of government funds to help move crops has met with almost unanimous responses. In only a few instances have the banks or clearing house associations notified the department that no representatives would be sent and then it was stated they believed their cities would be fairly treated in the proposed distribution.

Preparations for the reception of the bankers have been completed. It is proposed now to hold the conference in the office of Assistant Secretary Williams, who with Secretary McAdoo and E. B. Daskam, chief of the division of public moneys, will attend the conference. Assistant Secretary Williams said that so far 75 bankers from Southern cities have accepted the secretary's invitation and that his offices might be too small for the conference.

Protests from a number of cities in the South, West and far West have been received by letter and telegram because they would not be included in the proposed distribution of funds. It was indicated at the department that the list would not be increased, however, although Lexington, Ky.; Duluth, Minn., and Fort Worth Texas, were added today. It was explained they were included in the original list, but were omitted when it was made public.

FORMER BANKER ON TRIAL.

Judge Rules Out Certain Counts in the Indictment.

Asheville, N. C., Aug. 6.—Declaring that the allegation in several of the counts of the bill of indictments were not framed in such a manner as to afford the defendant a fair opportunity of knowing what issues he would be expected to meet on the trial, Judge James E. Boyd, of the United States district court, in the case of the United States against John H. Carter, former president of the American National Bank, this city, indicted at Greensboro last December for alleged misapplication of the bank's funds, this afternoon announced his decision upon the motion to quash the indictment sustaining same as to all those counts which charged the "causing" of certain things to be done, and the "causing" of certain entries to be made in the books and reports of the bank and holding that the simple "causing" of things to be done did not necessarily constitute an offense under the statute.

Many of the counts in the indictments will go out under the judge's decision, but the full effect thereof upon the case will not be definitely known until the judge signs the order applying his ruling to the counts specifically.

Judge Boyd reserved his decision upon the other counts, which were attacked upon a different ground.

CHECKER TOURNAMENT.

Players Competing for Championship of the South.

Atlanta, Ga., Aug. 6.—At the close of play here today in the sixth annual checker tournament for the championship of the South, F. B. Fishburne, of Greenville, S. C., and G. C. Anderson, of Mount Airy, N. C. were tied for first place with a score of 26 each. R. W. Evans, of Macon, Ga., was second and J. M. Allen, of Knoxville, Tenn., for two years champion, tied for third place with J. S. Hall, of Atlanta.

L. T. Parker, of Salisbury, N. C., was chosen president of the association for next year, and S. S. Hallman, of Spartanburg, S. C., secretary and treasurer. The 1914 tournament will be held in Cheraw, S. C.

It was announced tonight that the tie between Fishburne and Anderson would be played off in a 30-game match soon at Greenville, S. C.

WIRES.

Mexica City, Aug. 6.—L. Blum, the American arrested here yesterday on a charge of complicity in a plot to assassinate Provisional President Huerta, has been given his liberty provisionally pending an investigation by the authorities.

DESPERATE FIGHTING

Chinese Rebels Fight Among Themselves at Wu Sung Fort

Shanghai, August 6.—A desperate fight among the rebels themselves occurred today at Wu Sung Fort. The famous rebel regiment called "Dare to Die," whose commander, Lu Fu Piao, was accused of having plotted to capture the fortifications by stealth from the revolutionists, in order to sell them to the government, attacked the forts this afternoon. The forts opened fire on the attackers and simultaneously the Northern troops executed a flanking movement which literally mowed down the "Dare to Die" troops.

Nanking, August 6.—A dispatch received here from the province of Kiang So says that Northerners have gained two distinct victories over the the rebels and that the road to Nan Chang is now virtually open.

BUTTER ON STORAGE.

Prices Jump on Chicago Exchange Despite Heavy Stocks.

Chicago, Aug. 6.—Although Chicago housewives have been paying mid-Winter prices for butter and a further advance is expected, there are more than 65,000,000 pounds of the product in cold storage, according to the report today of the Warehousemen's Association. This is better than 10,000,000 pounds more than the reserves a year ago.

A half cent increase yesterday made the price 26 1-2 cents to jobbers, and another advance of one cent was predicted for today.

Prices to consumers range from 35 to 38 cents, according to location.

Jobbers attribute the high prices and enormous cold storage stocks to the warfare between the Chicago and Elgin butter boards.

THE VIRGINIA PRIMARY.

Returns Slow Coming In—Ellyson for Lieutenant Governor.

Richmond, Va., Aug. 6.—Latest returns this afternoon, with 14 counties yet to be heard from, increase the lead of John Garland Pollard, who defeated Judge Samuel W. Williams and S. Gordon Cumming in yesterday's primary for Attorney General by 4,000 majority, George W. Koiner has defetted J. Thompson Brown for Commissioner of Agriculture by 10,000 majority. J. Taylor Ellyson has defeated Lewis H. Macher and Alexander Wedderburn by 19,000 majority for Lieutenant Governor.

FATAL WRECK ON L. & N.

Six Killed When Train Drops Through Culvert.

Marietta, Ga., Aug. 6.—Five trainmen and an unknown negro were killed early today at Noonday station, five miles north of here, when a Southbound Louisville & Nashville freight train fell through a culvert, broke into a chasm 45 feet deep. The dead trainmen are S. K. Farris, engineer; Tom Chandler, fireman; Charles Shernell, fireman; R. P. Merrell, brakeman; Mike Jackson, negro section hand. The bridge is said to have been weakened by a heavy rain.

DESTRUCTIVE FIRE.

Riverside Cotton Compresses at Augusta Consumed by Flames.

Augusta, Ga., Aug. 6.—Fire completely destroyed the Riverside Cotton compress here today. The loss including 423 bales of cotton in the warehouse. The loss is estimated at $100,000. The origin of the fire is unknown. The fire had made such rapid headway that the department was powerless to cope with the flames in the compress and turned their attention to saving the adjacent buildings.

SUICIDE AT ANDERSON.

Young Man of Twenty Blows Out His Brains.

Anderson, S. C., Aug. 6.—Milton Jefferson, the 20-year-old son of Rankin Jefferson, a substantial farmer of Anderson county, committed suicide this morning. He placed the muzzle of a pistol to his temple and fired.

Jefferson is said to have gotten in some trouble at a Georgia camp meeting last Sunday.

The nature of the trouble is not known.

SACRAMENTO POSTOFFICE

Confirmation of Nominee for the Office Withdrawn

Washington, August 6.—The Senate tonight re-referred the confirmation of Thomas Fox as postmaster at Sacramento, Cal., to the postoffice committee. Fox was confirmed in executive session last night, but Senator Works protested today and on motion of Senator Lea, the confirmation was withdrawn.

PRESTON M'GOODWIN

Oklahomian Named as Minister to Venezuela

Washington, August 6.—The President today sent to the Senate the following nomination:

Minister to Venezuela: Preston McGoodwin, of Oklahoma.

Mr. McGoodwin is managing editor of the Oklahoma City, Oklahomian. He was endorsed by the entire State delegation in Congress.

WILLIAM E. GONZALES

American Ambassador to Cuba Arrives in Havana

Havana, August 6.—William E. Gonzales, of Columbia, S. C., the new American minister to Cuba, arrived here today and was greeted by many Cuban officials and the staff of the legation. Mr. Gonzales will probably present his credentials to President Menocal next Friday.

Washington, August 6.—Col. Spencer Cosby, U. S. A., superintendent of public buildings and grounds and military aide to President Wilson, who served in that capacity at the White House in the Taft administration, is reported today to have been selected by President Wilson to serve as military attache at the United States embassy in Paris.

How to Lose Your Tan Freckles or Wrinkles

(From Woman's Tribune.)

A day's motoring, an afternoon on the tennis ground or golf links, a sunbath on the beach or exposure on a sea trip often brings on a deep tan or vivid crimson or more perplexing still, a vigorous crop of freckles. A very necessary thing then is mercolized wax, which removes tan, redness or freckles quite easily. It literally peels off the affected skin—just a little at a time, so there's no hurt or injury. As the skin comes off in almost invisible flaky particles, no trace of the treatment is shown. Get an ounce of mercolized wax at your druggist's and use this nightly as you would cold cream, washing it off mornings. In a week or so you will have an entirely new skin, beautifully clear, transparent and of a most delicate whiteness.

Wrinkles, so apt to form at this season, may be easily and quickly removed by bathing the face in a solution of powdered saxolite, 1 oz., dissolved in witch hazel, ½ pt. This is not only a valuable astringent, but has a beneficial tonic effect also.

POLITICS IN MEXICO

Catholic Convention Agrees Not to Nominate a Presidential Candidate

Mexico City, August 6.—Alleging the State of the country is such that it will be impossible to hold a presidential election October 27th, the date previously set, the Catholic convention agreed late tonight not to nominate a candidate for the presidency of Mexico. It reserves the right to re-assemble for this purpose in the event peace is restored to such an extent that the holding of elections will become possible.

The debate over the resolutions not to nominate a candidate, developed an anti-American speech by a delegate from the Federal district, who charged that the condition of the country was due to the non-recognition of the government by the United States. The speaker advocated that the convention take no action which would further divide the Mexico people, who he said, should present a united front in case of war with the United States. The speech met with the approval of a large number of delegates, but it was opposed by the leader of the Federal district organization who insisted that the attitude of the administration at Washington did not represent the views of a majority of the American people.

The decision of the Catholics not to enter the political fight would appear to remove the last hopes of elections being held, since a similar action has been taken by the Liberal party, and there is a growing belief that General Felix Diaz will be unable to return to Mexico from Japan in time to make a campaign. However, there is a well defined belief here that President Huerta himself will become a candidate, possibly of an independent group, and in this case presentations believe he would be likely to get the support of the Catholics.

PAY DEATH PENALTY.

Seventeen Mexicans Executed for Maltreating American Women.

Mexica City, Aug. 6.—Seventeen Mexicans have paid with their lives for maltreating the daughters of Mathew Gourd, an American farmer, near Tampico last Monday. American farmers participated in the exaction of the penalty, according to information received here today from reliable source. Americans, joined by Mexican land owners in the district of Atascador, near Tampico, offered a posse and rode into the hills in search of the band of outlaws who tied Gourd and robbed him and afterwards offered indignities to his two daughters in sight of their helpless father. The band was located and defeated in a fight and several of its members were captured.

The 17 men killed by the posse included those slain in the fighting, and those put to death by the vigilantes afterwards.

Some weeks ago a number of Mexican land owners combined with Americans in the formation of a vigilance committee, but this was the first time the committee had taken the offensive against a criminal band.

It is reported that 24 women of the Atascador colony have gone into Tampico as a precautionary move. The government here does not yet admit the truth of the assault upon Mr. Gourd and his daughters.

PHILANTHROPIST DEAD

Robert C. Ogden Passes at His Summer Residence

Kennebunk Port, Maine, August 6.—Robert C. Ogden, of New York, a philanthropist, widely known, died tonight at his Summer residence here. Mr. Ogden had been ill a long time.

Robert C. Ogden was born in Philadelphia in 1836 and amassed a fortune as a member of the firm of John Wannamaker. He retired from active business six years ago.

SCHOONER REPORTED BEACHED

Revenue Cutter Onondaga in Search of Disabled Craft

Norfolk, Va., August 6.—One of the schooners of the Palmer fleet is reported ashore ten miles east, northeast of Cape Henry. The capttin of the vessel is reported to have been injured. The revenue cutter Onondaga went to sea to search for the disabled craft but at midnight reported that she had been unable to locate her.

CLOUDBURST IN WYOMING

Two Feet of Water Reported in the Streets of Shoshone

Omaha, Neb., August 6.—A brief dispatch from Shoshone, Wyoming, reports a cloudburst in that city early today. Several persons are reported drowned and two feet of water in the streets. No further details are given.

San Francisco, August 6.—Orders from Washington received at the Presidio direct the transfer of the 12th Infantry Regiment from Monterey, Cal., to San Francisco. The change which is to become effective September 1st, will make the Presidio the most strongly garrisoned post in the country, having a full brigade.

Washington, Aug. 6.—An Inter-State Commerce Commission investigation of the relations of the Louisville & Nashville Railroad, the Nashville, Chattanooga & St. Louis, the Nashville & Decatur and the Lewisburg & Northern, as to joint ownership or concert of action, was proposed in a resolution introduced in the Senate today by Senator Lea, of Tennessee.

Savannah, Ga., Aug. 6.—Lathrop George, charged with murdering Henry McClellan July 15th, was acquitted in the Superior Court here today. George shot and killed McClellan as the latter lay in bed at the home of Mrs. George, where he boarded. Self defense was George's plea.

Indianapolis, Ind., August 6.—Gov. Samuel L. Ralston started yesterday on the first vacation he has ever had—and the Governor is 50 years old. He will spend two weeks in Massachusetts at the Summer home of Thomas Taggart, Democratic National Committeeman from Indiana.

Mexico City, August 6.—A dispatch from Guaymas to the German charge d'affaires here, says the streets of Guaymas are barricaded, the harbor is closed and the city is in a complete state of seige. The dispatch adds that the German colony regards itself in danger.

Washington, August 6.—W. H. Sawtelle, of Tuscon, has been selected by President Wilson to be United States judge for the district of Arizona. He was recommended by both Senators from that State.

For Weakness and Loss of Appetite The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

(Advertisement.)

"TURKEY" AND "TANGO."

Chiropodist Discusses New Phase of The Modern Dances.

New York, Aug. 6.—Clara S. Houston, of Chicago, who is credited by the National Convention of Chirpodists here as having the only perfect foot in America, told the members at last night's session that the Turkey trot and tango dancing was proving a great boon to the profession.

"People are coming in droves," she said, complaining of their feet hurting them. The trouble is that the tango is causing a lot of muscles, hitherto very little used to the action of putting unaccustomed strain on the toes."

Harrisburg, Pa., Aug. 6.—Governor John K. Tener today gave a substantial reward to a comrade of his old baseball days when he appoined Wood, once a member of the Philadelphia National League team outfield as marshal of the new public service commission at a salary of $2,000 a year. Governor Tener and Wood have playing days in the course of which both were with the Chicago Nationals on a trip around the world.

The Man Worth While Is The Man Worth Money

—not always, but ninety-nine times out of a hundred that's SO!

It takes mentality to make money. It requires manhood to save money.

The man who will take only a little of the money his mentality—his ability has earned for him and will save it, will get on! Ask any man ten years older than you! Ask him how much he regrets saving so little as ten cents a day for the last ten years. Ask him how much less he thinks of himself than men of affairs think of fellow-men who have saved regularly during the last 10 years.

The moral SAVE! Deposit your savings in a safe institution—such as this bank. And above all—begin to save NOW!
